CTS EMPLOYER FOLLOWBACK PILOT SURVEY

APPENDICES A-I

APPENDIX A
PILOT HOUSEHOLD SURVEY INSTRUMENT

INTRODUCTIONS

FOR NEW SAMPLE (VERSION 2-- NO LETTER):

>s1< Hello, this is NAME, with the Community Tracking Study, a project to see how managed care and other health care changes are affecting people in your community. We're not selling anything or asking for money. This is a study for a private foundation about health issues. As a token of appreciation for your help, we'll send you \$10 for participating in a 10 minute interview. May I speak with an adult at least 18 years old who lives here and is familiar with the health care of family members.

ADDITIONAL TEXT IF NEEDED: We're doing the study because we don't know how the shift to managed care and other changes are affecting people. The interview is strictly confidential and you don't have to answer any questions you don't want to.

TYPE <g> TO CONTINUE ==> [goto code_s1]

FOLLOW UP RESPONSES FOR ALL SAMPLES

>a3< SPONSOR: The project is sponsored by the Robert Wood Johnson Foundation, a non-profit organization whose sole purpose is to improve health care. It is not associated with any political party or private company.

LENGTH: The interview will only take about 10 minutes.

CONTACT: If you would like to find out more about the study or the foundation, you can call [Maureen Michael] at [fill phone number].

SELECTION: Your telephone number was randomly generated by a computer to represent many others in your community. For our results to be accurate, it is very important that we interview the households we select.

CONFIDENTIALITY: All of your answers are confidential. The answers you give will be combined with answers from other people in your community. Your name will not be linked with the answers.

TYPE <g> TO CONTINUE ==> [goto code_s1]

>phone_ck< Is this phone used for. . .

home use.....1

business and home use, or.....2
business use only? [ineligible]3

HOUSEHOLD COMPOSITION

IF NEW SAMPLE:

[screener included only for pilot pilot test]

>sc1< First I have a couple of questions to determine whether your household is eligible for the survey?

Is anyone in this household under the age of 65?

<1> YES → Go to sc2

<0> NO → Terminate

<d> Don't know → Terminate

<r> Refused → Terminate

>sc2<

During the last week, did anyone in this household do any work for pay?

INTERVIEWER..... : IF SOMEONE WAS ILL OR ON VACATION THAT WEEK BUT EMPLOYED, CODE "YES."

<1> YES → Go tohhld.....<0> NO → Terminate

<d> Don't know → Terminate

<r> Refused → Terminate

>hhld< What are the first names of the people who live or stay here? Begin with one of the people who owns or pays most of the rent for this home, and then other people in the household. Be sure to include yourself.

- INTERVIEWER:**
- 1) IF R. IS RELUCTANT TO GIVE FIRST NAMES: We are asking for first names because the survey includes questions about the health insurance of family members. The only reason we need first names is so we'll have some way to tell family members apart. If you'd rather not give names, we can take relationships or some other way to tell family members apart.
 - 2) Persons who reside at a vacation residence, in institutions (see help screen for definitions), or in other group quarters (10 or more unrelated persons living together) are not eligible.

- [fill NAME] [HOUSEHOLDER GOES HERE]1
- [fill NAME]2

REVIEW COMPLETE.....				n

==>

NOTE: PERSONS WHO HAVE OTHER RESIDENCES WILL BE INCLUDED IN R2 TO TEST IMPACT ON ESTIMATES, WILL BE DELETED FOR R3.

Form interviewing units using the following rules:²

- (1) If no one other than householder or householder and spouse is 18 and older, then the household consists of one family.
- (2) Assign persons whose relationship to householder is parent, and any children linked to them, to a separate family.
- (3)Assign persons whose relationship to householder is mother/father-in-law, and any children linked to them, to a separate family.
- (4)Assign additional married persons, and any children linked to them, to a separate family.
- (5) ... If any remaining (unmarried) person's relationship to householder is child or step-child, he or she is 18 to 22, and a full time student, assign that person, and any children linked to that person, to householder's family.
- (6) ...Assign any remaining, unmarried persons 18 and older who are not full time students (and any children linked to them) to separate family units.
- (7)If householder or householder's spouse is under 18 and not a student, then he or she and his or her spouse and/or children are eligible. The householder and spouse (if under 18) should be treated as adult(s) during the interview.
- (8) Exclude a person as ineligible if:
 - (1) Person is unmarried full-time student, 16-22 years of age, and is not a child or ward of householder.
 - (2) Person is under 18, not a householder, relationship to householder is not equal to spouse or child, and no one in household is parent or guardian.
 - (3) Person is active military; however that person can act as survey informant for family interview, and his or her income should be included in income module.
- (9) .. Exclude interviewing unit as ineligible if all persons 18 and older assigned to the unit are active military.

²The interviewing unit is defined to reflect an insurance unit, including the household head, spouse, and their dependent children up to but not including age 18, or up to but not including age 23 if they are in school. This definition represents conventional practice in the private insurance market and is similar to the filing unit used by Medicaid and state subsidized insurance programs. The census family (U.S. Bureau of the Census, 1992) sometimes comprises more people than the insurance family. Examples of people typically included in the same census unit, but in different insurance units, are adult children and their families living in the homes of their parents; adult siblings living together; and parents living in the home of their adult children. These persons will form separate interviewing units.

Child Random Selection by the following rules:

- 1) Determine if sampled R2 child has been identified as an R3 FIU member and is under age 18.

IF YES: Select R2 child as R3 child and go to >resp<

IF > 1 R2 sampled child (due to FIU reformation), set a flag and pick one child of the flagged children at random.

IF NO: Sample new R2 child (demographics collected above) and go to >kdc1<

NOTE: NATIONAL SAMPLE WITHIN PSU SITES ARE CODED FOR PSU; OTHERWISE PSU FOR NATIONAL SAMPLE =0

NOTE: (1) THE PROGRAM WILL FORM INTERVIEWING UNITS AND THE INTERVIEWER WILL BEGIN WITH THE HOUSEHOLDER'S UNIT.

NOTE: The review of household composition is done on screens organized by Family Insurance Units (FIUs). Linda has already coded this into Section A, although the question text has not been added:

>resp< **INTERVIEWER:** ENTER THE [r]HIGHLIGHTED[n] NUMBER OF PERSON WITH WHOM YOU'RE SPEAKING (I.E. "BEST RESPONDENT").

IF RESPONDENT NOT KNOWN ASK: With whom am I speaking?

A PERSON WITH AN * IN FRONT OF THEIR NAME IS NOT ELIGIBLE.

IF YOU ARE TALKING TO A HOUSEHOLD MEMBER WHO IS NOT ELIGIBLE TO BE INTERVIEWED, ASK FOR AN ELIGIBLE HOUSEHOLD MEMBER.

INTERVIEWER: REVIEW NAME, RELATIONSHIP TO HOUSEHOLDER, SEX, AND AGE OF ALL HH MEMBERS WITH RESPONDENT

APPENDIX B

PLAN INFORMATION NEEDED TO CALCULATE ACTUARIAL VALUES¹

Based on our work with the 1997 Robert Wood Johnson Foundation Employer Health Insurance Survey, the following memo briefly documents how actuarial values are calculated for health insurance plans.

Actuarial values, typically, are a scale from 0 to 1 that describe the richness of a plan (where a value of 0.75 would mean that if everyone in a group had the same plan, then on average that plan paid 75% of charges). Values are calculated against a standard employer population by directly paying claims at the person level. Actuarial values can be modified to account for geographic differences (for example, \$100 does not buy the same amount of services in NYC as it would in Louisiana).

Two data files are needed to calculate actuarial values. The first is the expenditure file, or the file of persons against who the medical plans are evaluated. The second is the plan file, which describes each health insurance plan to be evaluated. The data in each of them is briefly described below.

PART ONE: FORMAT OF EXPENDITURE FILE

Plans are evaluating by paying claims on the person level for each of the services on the person record. The spending is adjusted to totals consistent with CMS National Health Expenditures, for the plan year and population of interest. Each person level record has the following fields for in and out of network spending and utilization:

- Inpatient Hospital \$ (No MH)
- Inpatient Hospital Days
- Inpatient Hospital Stays/Admissions
- Inpatient MH\$
- Inpatient MH Days
- Inpatient MH Stays/Admissions
- Other Hospital \$
- Physician Office \$
- Physician Office Visits
- Outpatient MH \$
- Outpatient MH Visits

¹ Memorandum from Cathi Callahan, Actuarial Research Corporation (ARC), 3/5/2002

- Other Physician \$
- Rx \$
- Rx Scripts
- Other Spending

In addition, we can adjust at the aggregate level for the following:

- non coverage of maternity (Individual plans)
- limitations on Aother@spending (lab, etc.)
- Family level limitations on benefits or out of pocket spending

PART TWO: PLAN FILE / PLAN PARAMETERS

When evaluating plans, it is important to try to capture the cost sharing for spending on the most major services (hospital, physician and drug). There are times when these services are paid using Aoverall@ cost sharing, and times when service specific cost sharing and limits apply. In general, most of the plans value can be captured with relatively little information, as long as they apply to the majority of the spending.

In the most limited scope, the following variables are used to evaluate plans:

- Overall plan deductible
- Overall coinsurance rate (% which plan pays beyond the deductible)
- Overall out of pocket maximum
- Overall plan copay (used for outpatient visits, prescription drugs)
- Changes in the above for use in or out of network (PPO/POS plans)

The following add significantly to the calculation of the plan value:

Hospital Specific Parameters, such as:

- Per Day or Per Stay Deductible
- Coinsurance Rate (if different from overall)

- Benefit Maximums (days or \$)

Physician Specific Parameters, such as:

- Copay for Physician office visits

Prescription Drug Specific Parameters, such as:

- Per Script copayments
- Benefit Maximums on RX spending

The following set add somewhat to the calculation of the plan value, but are often of interest to policy makers:

Inpatient Mental Health or Substance Abuse Coverage:

- Same as inpatient hospital?
- If not, cost-sharing on service (deductible, coinsurance rate)
- Limitations on benefit (admissions, days, dollars)
- Do above apply to MH or SA or both?
- Coverage for Maternity (non group plans only)

Outpatient Mental Health or Substance Abuse Coverage:

- Same as outpatient physician?
- If not, cost sharing on service (copay, coinsurance rate)
- Limitations on benefit (visits, dollars)
- Do above apply to MH or SA or both?

PART THREE: 1997 RWJ VARIABLES USED FOR PLAN EVALUATION

Variables from the 1997 RWJ Foundation Employer Health Insurance Survey used to evaluate health plans are listed below. Please note that the variables from the non-medical single service plans (dental / vision) are in italics.

- CASEID: Case Identifier (Establishment Level)

- PLANNUM: Plan Id for Particular Plan Offered by this Establishment (Sequential Starting with 1)
- Q42: Total Number of Medical plus Single Service Plans Offered by this Employer
- Q41: Total Number of General Medical Plans Offered by this Employer
- Q41A: Total Number of Single Service Plans Offered by this Employer
- A1A: Type of Plan (1 = General Medical; 3 = Single Service Plan)
 - A3A_A3C: Kind of General Medical Plan (1 = HMO-(Pay Full Cost If Go out of network); 2 = POS/PPO (Network, Some out of Network Coverage); 4 = Indemnity Plan (No Network or List Restriction); -9 = Inapplicable, Single Service Plan)
 - A4A: Does Plan Cover Physician Services? (1 = Yes; 2 = No)
 - A4B: Does Plan Cover Inpatient Hospital Stays? (1 = Yes; 2 = No)
 - A4C: Does Plan Cover Outpatient Prescription Drugs? (1 = Yes; 2 = No)
 - A4D: Does Plan Cover Mental Health? (1 = Yes; 2 = No)
 - A4E: Does Plan Cover Vision Care? (1 = Yes; 2 = No)
 - A4F: Does Plan Cover Dental Care? (1 = Yes; 2 = No)
 - A4A1: Does the Dental Coverage Include Preventive Services? (1 = Yes; 2 = No; -9 = Inapplicable, No Dental Coverage)
 - A4A2: Does the Dental Coverage Include Orthodontic Services? (1 = Yes; 2 = No; -9 = Inapplicable, No Dental Coverage)
- DEDUCT: (A20, A20A) Amount of Annual Deductible for in Plan Use (0 = No Annual Deductible; -9 = Inapplicable, Single Service Plan)
- COPAY: (A22, A22a) Copayment in Dollars for Visits to Providers in the Plan (Reported Coinsurance Is Converted to \$ Amount Assuming a \$50 Visit): -9 = Inapplicable, Single Service Plan (If Mental Health or Drug Plan See A22b)
- COINSURE: (A22, A22A) Coinsurance in Percent for Visits to Providers in Plan (Reported Copayment Is Covered to % Assuming a \$50 Visit) (-9 = Inapplicable, Single Service Plan (If Mental Health or Drug Plan See A22B))
- A22: Coinsurance/copay Amount Was Reported in Dollar or Percent? (0 = No Coinsurance/copay; 1 = Percent; 2 = Dollar Amount; -9 = Inapplicable, Single Service Plan (If Mental Health or Drug Plan See A22b))
- OPDEDUCT: (A20A) Amount of Annual Deductible for Out-of-plan Use? (0 = No Annual Deductible; -9 = Inapplicable, HMO or Indemnity Plan (Based on A3), Single Service Plan)

- OPCOPAY: (A22A) Copayment in Dollars for Visits to Providers Outside the Plan (Reported Coinsurance Is Converted to \$ Amount Assuming a \$50 Visit) (-9 = Inapplicable, HMO or Indemnity Plan (Based on A3), Single Service Plan)
- OPCOINS: (A22A) Coinsurance in Percent for Visits to Providers Outside of the Plan. (Reported Copayment Is Converted to % Assuming a \$50 Visit) (-9 = Inapplicable, HMO or Indemnity Plan (Based on A3), Single Service Plan)
- OPA22: Coinsurance/copay Amount for out of Plan Was Reported in Dollar or Percent? (1 = Percent (Or No Coinsurance/copay); 2 = Dollar Amount; -9 = Inapplicable, HMO or Indemnity Plan (Based on A3), Single Service Plan)
- A22A: Does Coinsurance/copay Vary for Some Services? (1 = Yes; 2 = No; -9 = Inapplicable, Single Service Plan or No Coinsurance/copay)
- A22B: Does Coinsurance/Copay Differ for MH <Mental Health> Services? (1 = Yes (Including MH Only Plan); 2= No; -9 = Inapplicable, Not MH Single Service Plan, No Coinsurance/copay, No Different-coinsurance/copay)
- A22C: Amount Pay for MH Services (Including MH Only Plan) (-9 = Inapplicable, Not MH Single Service Plan, No Coinsurance/copay, No Different Cost-coinsurance/copay for MH, MH Not Covered)
- A22C1: Amount for MH Services Is Percent or Dollar? (1 = Dollar; 2 = Percent; -9 = Inapplicable, Not MH Single Service Plan, No Coinsurance/copay, No Different Cost-coinsurance/ Copay for MH)
- A22D: Does Coinsurance/copay Differ for Prescription Drugs? (1 = Yes (Including Drug Only Plan); 2 = No; -9 = Inapplicable, Not Drug Single Service Plan, No Coinsurance/Copay, No Different Coinsurance/Copay)
- A22E: Amount Pay for Prescription Drugs (-9 = Inapplicable, Not Drug Single Service Plan, No Coinsurance/Copay, No Different Coinsurance/Copay for Drugs)
- A22E1: Amount for Prescription Drugs Services Is Percent or Dollar? (1 = Dollar; 2 = Percent; -9 = Inapplicable, Not Drug Single Service Plan, No Coinsurance/Copay, No Different Coinsurance/Copay for Drugs)
- OOP (A25): Dollar Amount of Maximum out of Pocket Expense (-9 = Inapplicable, No Maximum or Single Service Plan)

APPENDIX C

EFB EMPLOYER FOLLOWBACK INSTRUMENT

TEST: IF PRIVATE ESTABLISHMENT OR LOCAL GOVERNMENT, CONTINUE. IF FEDERAL OR STATE GOVERNMENT OR UNION, CONDUCT PILOT DATA COLLECTION OFF-CATI.

I. ELIGIBILITY AND FLEXIBLE BENEFITS

E1 HRET A6: The questions I am going to ask refer to your location at INSERT ADDRESS. At that location, do you offer or contribute to a health insurance program as a benefit to any of your employees?

IF DOESN'T OFFER SKIP TO E5.

IF SELF EMPLOYED SINGLE PERSON, TERMINATE

E2 MODIFIED FROM KPMG HEALTH BENEFITS, 1997, G1-2

- A. Do you offer a flexible spending account, where employees can pay for health insurance premiums or uncovered medical expenses with pre-tax dollars?
- B. Do you offer a cafeteria plan where employees can choose between health and non-health benefits based on a fixed dollar amount?

E3 IF YES TO EITHER A OR B: Under (your flexible spending account/cafeteria plan/these plans)], may employees use pre-tax dollars to...

- a. Pay for health insurance premiums
- b. Pay for deductibles and copayments
- c. Pay for other unreimbursed medical expenses

E4a If an employee decides not to take health insurance, can he or she substitute other benefits or get the cash value of the company contribution?

E4b If an employee decides to accept a lower cost plan you offer, can he or she substitute other benefits?

E5. Please think about local businesses that hire the same kind of employees as you do. Do all, most, some, or none offer health insurance to their employees?

IF DOESN'T OFFER, SKIP TO SECTION IV.

II. PLAN INVENTORY

NOTE:DK AND RF ARE NOT ACCEPTABLE CODES TO I1-3

I1 (RAND q41) Next, I have some questions about health insurance plans you offer to active employees. By health insurance plans, I mean plans that cover physician and hospital care and might cover other services. Please do not include single service plans that cover only one or two special services like dental or vision or plans that are limited to retirees.

Changed wording to be consistent with introduction and to respond to comment that some plans may have different options.

I2 RAND q42_add (modified) At this location, [ADD IF NEEDED: that is, INSERT ADDRESS]how many different health insurance plans do you offer to active employees?

13. IF MORE THAN ONE PLAN: Let's begin with the first plan.

A. Who is the insurance carrier?

INSURANCE CARRIER OR THIRD PARTY ADMINISTRATOR (TPA)- INSERT NAME

SELF INSURED→ASK : Who is the third party administrator or other organization that administers this plan? ALLOW NONE AS AN OPTION

B. What is the plan name?

NOTE: PROVIDE LISTING OF PLANS OFFERED BY THE INSURANCE CARRIER IN THIS MARKET TO AID RECALL; LISTING WILL BE PROVIDED BY MPR.

C: CODE WITHOUT ASKING IF MENTIONED IN B. (LANGUAGE BASED ON MERCER P.5, AND HRET, B8, and rand q62): Is this a health maintenance organization (HMO), a point-of-service plan (POS), a preferred provider organization (PPO), or a traditional indemnity health plan?

1. *Health Maintenance Organizations (HMOS and EPOs)*. These are plans in which enrollees may obtain care only from a specified list of providers. Enrollees must get a referral from a primary care physician, or gatekeeper, before using specialists. No benefits are available outside of the network. Exclusive provider organizations, or EPOs are also included.
2. *Point of service(POS) plans*. These plans have a physician and hospital network, but enrollees have the option of seeking care outside the network at reduced coverage levels. Enrollees must get a referral from a primary care physician, or gatekeeper, before using specialists.
3. *Preferred provider organization (PPO)*. These plans have a physician and hospital network. Enrollees may see any provider in the network, including

specialists, without a referral from a primary care physician. Enrollees pay less when they use providers in the network but are covered for care received outside the network.

4. *Traditional indemnity plan.* This is a plan with no list of physicians or hospitals and no restrictions on patient choice of physicians or hospitals.

I4. (1) IF THIS EMPLOYER WAS NOT GENERATED AS A RESULT OF A LINK TO A HH SURVEY RESPONDENT WHO TOOK UP AN INSURANCE OFFER GO TO I6. (2) IF THIS EMPLOYER WAS GENERATED AS A RESULT OF A LINK TO A HOUSEHOLD SURVEY RESPONDENT WHO TOOK UP AN INSURANCE OFFER AND IF THE HH SURVEY RESPONDENT PLAN WAS HARD MATCHED TO AN INSURANCE PRODUCT NAMED BY THE EMPLOYER/UNION GO TO I6. (3) ELSE, ASK I5

I5 Is [PLAN NAME LISTED BY HH SURVEY RESPONDENT] one of the plans you offer at this location? DISPLAY PLAN NAMES MENTIONED BY EMPLOYER/UNION RESPONDENT.

PROBE. This plan was identified by one of your employees who participated in the household survey we described in the letter we sent you. However, employees or family members sometimes are unsure of the correct plan name or may describe the name of the network rather than the insurer or third party administrator. Just to be sure, is INSURANCE PRODUCT offered at this location?

NOTE: IF THE PLAN LISTED BY THE HH SURVEY RESPONDENT IS OFFERED BY THE EMPLOYER BUT WASN'T LISTED IN I3, ADD THE PLAN TO THE LIST OF EMPLOYER OFFERINGS. THE MORE LIKELY SCENARIO IS THAT THE EMPLOYER HAS TO FIT THE HOUSEHOLD RESPONDENT'S PLAN DESCRIPTION INTO ONE OF HT EPLANS LISTED ABOVE, BUT I SUPPOSE THERE MAY BE A FEW CASES WHERE THE EMPLOYER FORGOT TO LIST A PLAN THAT WAS MENTIONED BY A HOUSEHOLDER.

AT THIS POINT, PROGRAM SHOULD STORE NAMES OF PLANS TO BE USED IN SURVEY.

I6. Does your plan year begin on the same month for all plans?

- a. IF YES [RAND Q43C] In what month does your plan year begin?
- b. IF NO: In what month does your plan year begin for PLAN NAME? REPEAT SEQUENTIALLY FOR ALL PLANS

I8 [Were any of these plans/Was this plan] added during the current plan year as [a] new offering[s]?

- a. IF YES: Which ones? PROGRAM LISTS PLANS AND INTERVIEWER CODES NEW ONES.

I9. Did you drop any plans that were offered during the last plan year?

a. IF YES: What are the names of the plans you dropped? VERIFIED AGAINST DATABASE DURING INTERVIEW.

I10. BASED ON RAND q44a Next, please tell me either the percentage or number of active employees who are enrolled in each of the plans you offer at this location. Lets begin with [SEQUENCE THROUGH ALL PLANS OFFERED IN THIS SITE.]

III. PLAN LEVEL QUESTIONS

A. PRODUCT ATTRIBUTES

Let's begin with NAME OF FIRST PLAN.

A1. NETWORK (Mercer) Does this plan include a network of health care providers? [IF NO, IT IS AN INDEMNITY PLAN AND SKIP TO P1]

A2. GATEKEEPER/IN-NETWORK REFERRAL- COGNITIVELY TEST TWO VERSIONS; KEEP VERSION 1 FOR THE PILOT

(1) PREFERRED--HSC MODIFIED MERCER: Are enrollees required to get a referral from a primary care physician, or gatekeeper, before using specialists? -- YES, NO, SOMETIMES, IF OFFERED, IF "SOMETIMES," ASK A2A; ELSE, SKIP TO A3

A2a NEW ITEM When does the plan require a referral from a primary care physician and when does it not?

(2) (2) IFB B8: If enrollees do not have a referral from a primary care physician and go to *in-network* specialists, does the plan cover any of the costs for these visits? YES, NO, SOMETIMES, IF OFFERED, IF "SOMETIMES," ASK A2A; ELSE, SKIP TO A3

A2a When does the plan require a referral from a primary care physician and when does it not?

A3. OUT-OF-NETWORK COVERAGE

COGNITIVE INTERVIEW MODIFIED RAND/DELETED HOSPITALS a3b: When an enrollee visits a physician who is not in the network, must he or she pay the full cost of that visit?

KEY SKIPS FOR DETERMINING NETWORK AND OUT-OF-COVERAGE INCLUDE:

IF A1=NO, THEN PLAN DOES NOT HAVE A NETWORK (INDEMNITY)

IF A3= COVERAGE OF SOME OUT-OF-NETWORK COSTS [A3=NO/DK =POS OR PPO PLAN].

B. PREMIUMS

P1 (MEPS-15(S)- 4) A fully insured plan is purchased from an insurer or other underwriter that assumes the risk for enrollees' medical expenses. Under a self insured plan, your organization assumes the risk for enrollees' medical expenses and may charge a premium to employees. This plan may be administered by a third party and may employ supplemental stop-loss insurance to limit unanticipated losses.

Is this plan purchased from an insurance underwriter or is it self-insured?

INTERVIEWER NOTE: IF R SAYS PLAN IS PARTIALLY SELF-INSURED, CODE AS PARTIALLY SELF INSURED AND FOLLOW SAME LOGIC AS SELF- INSURED.

[IF SELF INSURED OR PARTIALLY SELF INSURED GO TO P2; ELSE GO TO Pu3]

SELF-INSURED

P2. (RAND, a27) [IF SELF INSURED IN P1] Do you calculate a premium equivalent, that is, the cost per full time covered employee?

PROBE: The premium equivalent combines the employer and employee shares of the premium.

IF PREMIUM EQUIVALENT ASK P3A, IF NO OR DK, ASK FOR COBRA AMOUNT IN P3B.

P3a. PREMIUM EQUIVALENT(MEPS-15(S), 5E) What is the premium equivalent for a full-time employee with single coverage? [PREMIUM AMOUNTS MAY BE REPORTED WEEKLY, EVERY TWO WEEKS, MONTHLY, QUARTERLY, OR YEARLY]

OR

P3b COBRA: What is the COBRA amount for single coverage? [PREMIUM AMOUNTS MAY BE REPORTED- EVERY TWO WEEKS, MONTHLY, OR YEARLY] Gallup wanted to limit to these three categories, which were the only ones required for a survey they did, to limit text on screens. ASK P4 AFTER 3A OR3B AND THEN GO TO INSTRUCTION BEFORE P5

P4. (MEPS-15(S), 8c). How much does a full-time employee with single coverage contribute toward the premium? [PREMIUM AMOUNTS MAY BE REPORTED EVERY TWO WEEKS, MONTHLY, OR YEARLY; ALSO MAY REPORT AS PERCENTAGE OF P3A OR 3B]

SKIP P5-P5A IF THIS IS A NEW PLAN.

P5. Compared with your last plan year, did [the premium equivalent/COBRA] for single coverage increase, decrease, or stay the same?

P5a IF INCREASE OR DECREASE: What was the [increase/decrease] for single coverage? YOUR BEST ESTIMATE IS FINE.

RECORD DOLLAR OR PERCENTAGE CHANGE OR LAST YEAR'S PREMIUM, WHICHEVER RESPONDENT PREFERS.

P6 (MEPS-15(S), 9a). Are enrollees in this plan offered family coverage? [IF NO GO TO COST SHARING]

IF PREMIUM EQUIVALENT ASK P7A, ELSE, ASK FOR COBRA AMOUNT IN P7B

P7a. PREMIUM EQUIVALENT(MEPS-15(S), 5F) What is the premium equivalent for a full-time employee with coverage for two adults and two children?

[PREMIUM AMOUNTS MAY BE REPORTED EVERY TWO WEEKS, MONTHLY, OR YEARLY]

OR

P7b COBRA: What is the COBRA amount for a former employee with coverage for two adults and two children? [PREMIUM AMOUNTS MAY BE REPORTED EVERY TWO WEEKS, MONTHLY, OR YEARLY]

ASK P8 IF FAMILY COVERAGE IN P6; IF NOT GO TO COST SHARING SECTION

P8. (MEPS-15(S), 9c). How much does a full-time employee with coverage for two adults and two children contribute toward the premium [PREMIUM AMOUNTS MAY BE REPORTED EVERY TWO WEEKS, MONTHLY, OR YEARLY; ALSO MAY REPORT AS PERCENTAGE OF P7A OR B]

GO TO COST SHARING SECTION

EMPLOYER FOLLOWBACK PILOT SURVEY

COGNITIVE INTERVIEW REPORT AND INTERVIEWER PROTOCOL

Employer Follow Back Survey: Report of Cognitive Interview Results

§

Prepared by:

Carol Cosenza
Patricia Gallagher

Center for Survey Research
University of Massachusetts Boston

For:

The Center for Studying Health System Change
Washington DC

June 2002
C36HS

Introduction

The Center for Health System Change (HSC), Washington DC, plans to field a nationwide telephone survey of employers to learn more about the health insurance benefits provided to employees through their places of employment. As part of the instrument development work for this project, the Center for Survey Research (CSR), University of Massachusetts Boston, conducted a series of cognitive interviews with employers.

In cognitive testing, potential respondents complete a draft version of the instrument and are debriefed individually. The goals of the cognitive interviews are to learn if the questions and the terms used mean the same things to respondents and researchers. This is a report of the findings of the cognitive interviews with employers.

Methods

HSC provided a listing of employers identified through a Lexis-Nexis database search. The employers varied by numbers of employees and geographic region. All employers were private companies: government agencies and other public employers were excluded from this non-random sample. The employers were initially contacted by personnel at Mathematica Policy Research (MPR) and informed of the goals of the study, the \$100 incentive for participation and recruited to participate in a cognitive interview expected to last about an hour and a half.

During May, 2002, trained cognitive interviewers from CSR contacted individuals from this list by telephone. After identifying themselves and the purpose of their calls, they asked a few screening questions to eliminate ineligible respondents, e.g., those that did not offer health insurance benefits to their employees. If the company was eligible, the interviewer attempted to schedule a time to conduct a telephone interview.

CSR employs the concurrent probe approach to cognitive interviewing. The basic protocol is for interviewers to first to ask a test question and then explore how respondents formulate their responses. The test questions are administered in a standardized way to all respondents, just as they would be in a standardized interview. After each question, or

in some cases series of questions, the interviewer is provided with some follow up probes to ask. Basically, respondents are asked to explain how they arrived at their answers. Respondents are told at the outset of the interview that this is what is expected of them and that it is in this way they can contribute to helping researchers understand whether candidate survey items are working. In addition, respondents are encouraged to tell the interviewer if they are uncertain what a question means or if they have any uncertainty about how to answer a question.

Six interviewers conducted the interviews, two senior staff members, and four specially trained senior interviewers. All interviewers attended a project briefing session, where the overall goals for the interviewing were discussed and the cognitive interview protocol was reviewed on a question-by-question basis. Once all of the interviews were conducted, the interviewers came together again for a debriefing. At the debriefing, the interview protocol again provided the structure for the meeting. Interviewers reported their experiences with respondents for each of the candidate items.

All interviews were tape recorded, with the respondents' informed consent. Each respondent received a check for \$100 to thank them for their participation. Copies of the MPR and the CSR recruitment and screening protocols and the cognitive interview instrument are included as appendices to this report.

Results

The goal was to complete 20 interviews; 15 interviews were completed. It turned out to be more difficult than expected to schedule interviews with the participants that MPR had recruited. HSC originally provided contact information for 26 people who had agreed to complete a cognitive interview. When CSR interviewers made follow-up calls, some of the people named on the list claimed that they had not been previously contacted and refused to participate. We speculate that MPR staff may have originally spoken with gatekeepers in these cases.

One small employer did not offer health insurance to employees and was ineligible for the study. Others potential respondents proved difficult to reach, and did not respond to

messages left on their voice mail devices. With some prospective participants, the problem was finding enough time in their busy schedules to allow an interview. The interviews were being scheduled during the period just before the close of the fiscal year for many companies; apparently a hectic time for many.

Once it became apparent that it would be difficult to reach the target goal of 20 interviews using the original sample list, HSC agreed to recruit additional respondents. They were successful in enlisting cooperation with representatives at another three companies and forwarded the names to CSR. The difficulties they encountered are listed in the note accompanying the additional names:

The cases which do not have any information appearing beside them are still in interim status - mostly callbacks to the person in Human Resources [HR] or Personnel that we need to speak to, although there are a surprising amount of 'ring no answers' and 'mechanical answering devices' also.

Overall, 41% of the 29 people recruited by MPR went on to complete an interview during the three week field period. There was a 14% refusal rate among the “pre-recruited” participants.

HSC also allowed CSR to recruit respondents from our cognitive interview pool. Three of the completed interviews were conducted with CSR recruits.

From our experiences with identifying and recruiting appropriate respondents for the cognitive interviews, we identified a few Issues to consider in planning for the larger study:

- need to distinguish this as a legitimate survey and not a sales call (especially since the recruitment script mentions insurance)
- some companies have blanket policies about not doing surveys
- need to find a person (or persons) who know the information we are asking about - which is a combination of what an HR and a benefits person are likely to know

- need to identify someone who has authority to give out this information
- there was no consensus if the prenotification letter would help - some respondents said it might, if they read it, but that they probably wouldn't have bothered to read the letter

Table 1. Outcomes of recruitment activities.

Number of Employees	Interview	Refusal	NER*	No Show**	In Process***	TOTAL
1-10	2	2	1		2	7
11-50	3	2	1	1	1	8
51-100					1	1
100+	10	1	1		4	16
TOTAL	15	5	3	1	8	32

* Non-eligible respondent

** An interview that was scheduled, but the respondent missed the appointment.

*** Left message, respondent will be calling back, reached answering machine, reached voice mail

The interviews lasted an average of about 1.25 hours (range 50 minutes to over 2 hours).

Section A: FIRM/ ESTABLISHMENT LEVEL QUESTIONS

Overall: Cognitive interview respondents had difficulty with these questions on several levels. While the questions themselves may not have been difficult, helping the respondents figure out exactly what they were supposed to be answering about was challenging. In some cases, we were calling the human resources (HR) offices of a large company that oversaw the benefits for smaller companies or other divisions within the firm. Often these HR offices are not located in the same place, or even the same state, as the location we are asking about. This made it hard for the respondent to focus on only one

part of what they view (and work with) as a whole.

A1. How many full and part-time employees does [NAME] currently have on the payroll nationwide?

(IF Don't Know: Can you estimate the range? Would you say that the total number of employees nationwide is 2-9, 10-24, 25 to 49, 50 to 99, 100 to 999, 1000 TO 4,999, or 5,000 or more?)

This question seemed to work OK. Respondents were able to answer it fairly easily. Although only 2 respondents used the ranges, many of the others who reported a specific number said they were guessing or approximating. Overall, respondents did not include interns or temporary workers (since they are not normally paid by the company in question, but by a temporary service agency). Most said they did not include seasonal or on-call workers, but we are not certain that the distinction between part-time and seasonal/on-call was completely understood by everyone. One respondent wanted to know if we were asking about the number of "benefits-eligible" employees rather than the total number of employees.

One way to increase the chances that only the right employees are being counted, would be to start the question with a definition of who should, or should not, be included. For example, "We want you to think about all the employees who are currently on the payroll for [NAME] - including all full-time, part-time, seasonal, and on-call employees. How many full and part-time employees does [NAME] currently have on the payroll nationwide?" Or, if the number of permanent employees is the goal of the question, say that in the definition: "Not including temporary, seasonal, or on-call employees, how many full and part-time permanent employees does [NAME] currently have on the payroll nationwide?"

A2. Does [NAME] operate in more than one location in the United States?

A3. How many full and part-time employees does [NAME] have at this location?

(IF Don't Know: Can you estimate the range? (Would you say that the total number of employees at this location is 2 to 4, 5 to 9, 10 to 24, 25 to 49, 50 to 99, 100 to 999, 500 to 999, or 1000 or more?)

The phrase “At this location” was problematic for some respondents. It’s unclear whether this was a result of the cognitive interviewing sample we had, or if the question itself would cause this problem in the larger survey. When the respondent is part of an HR office or management office not located at the location we are interested in, it makes it hard for the respondent to answer this. It is also difficult for companies who send out workers to do things - cleaning companies, construction companies, etc, where workers may not necessarily work AT the location they give as the company address.

Respondents used both numbers and percentages when answering questions A4-A7, some even switched from one to the other. We suggest keeping the phrasing as is (“approximately how many or what percent”) to allow for the respondent to answer either way. Some respondents at smaller sites found it easy to answer these questions with actual numbers. At larger sites, some preferred the percentages because, as one put it, he “felt like it was easier to approximate a percent than an exact number...”

This series was one of the most obvious spots where all the information requested might not be known by one person - an HR person might know these numbers, but others may not. Although many respondents did not know these answers off the top of their heads, they felt they could have easily looked up or had access to this information. We are not confident that respondents in an actual interview situation, not being paid a \$100 incentive, would be as willing to spend the time needed to get accurate information for this series.

A4. Approximately how many or what percent of all employees at this location are...

- a. permanent full time*
- b. permanent part time*
- c. temporary, seasonal, or on-call workers*

Respondents seemed to understand and be able to answer this question. The only problem arose with the phrase “on-call” worker. This may be jargon in some sectors and not in others. We had one respondent who thought that “on-call” meant being available after hours for an emergency, rather than being non-permanent, like temporary or seasonal workers.

A5. *Approximately how many or what percent of all permanent employees at this location are...*

- a. *less than 30 years of age?*
- b. *50 years of age or older?*

Almost half of the respondents did not know the answer to this question. Some of the others were able to access information that broke down the workforce by age. Others simply guessed. Overall, respondents were able to think about the concept of “permanent employees,” but didn’t know about the ages of employees.

A6. *Approximately how many or what percent of all permanent employees at this location earn....*

- a. *less than \$9.50 an hour*
- b. *between \$9.50 and \$21.00 an hour*
- c. *more than \$21.00 an hour*

As expected, this was the hardest question in the “A” series. Respondents who had both full-time and part-time employees, often think about wages as hourly for part-timers and annually for full-timers. It was not easy for them to try to put these concepts together in one question to give one overall answer. Some respondents actually did the calculations on a calculator during the interview - multiplying the hourly rates to give them an annual number that they felt more comfortable with. Several respondents thought that offering both options in the question - “less than \$9.50 an hour, that is less than \$20,000 a year” might help people answer.

Two other issues came up for this question. First, whether overtime should be included. One respondent had data available to calculate wages either including or excluding

overtime. Others when asked about it had included, or excluded, overtime on their own. Again, a definition before the question about what to do with overtime would be helpful. (If the definition was not part of the question, and only read if needed, only the respondents who thought to ask would hear the definition. Others might assume you wanted one way or the other and give the answer they assume you want, and not ask for a definition).

The second issue is what to do with the part-time workers. Depending on the research goal in asking this question, part-time employees could be thought of in different ways. Some companies seem to think of part-time salaries as part of a full-time salary. For example, take someone making \$25/hour, but only working 15 hours/week. A respondent would easily be able to place that employee in the “more than \$21/hour” category but what happens when we spread it out over the year - in actuality, they make less than \$20,000, but there was at least one respondent would have included that person in the highest category, because as a full-time worker, the full-time equivalent would over \$44,000. A decision is needed about how an employee like this should be counted. Then ask respondents a question that would capture this information.

A7. Approximately how many or what percent of all permanent employees at this location are union members?

No problems with this question, but only 3 respondents had any unionized employees.

A8. Do you offer a flexible spending account or cafeteria plan -- where employees can pay for premiums or uncovered medical expenses with pre-tax dollars or choose between health and non-health benefits based on a fixed dollar amount?

This question is cognitively complex. Several respondents thought we were asking two different questions, not realizing that the second part was intended to help define the first. The word “or” is used 3 times in this one sentence. Also, presenting the definition after the question encourages respondents to interrupt before the entire question is read. Rewriting the definition and beginning the question with the streamlined version may help

respondents listen to, and better understand, the entire question.

While those respondents who did offer these types of programs were certain how to respond, several weren't sure and may have answered incorrectly to this item and the follow-up question. Not everyone could clearly define the differences between a flexible spending account and a cafeteria plan.

Eleven of the 18 respondents said that their companies offered these types of plans. One respondent made the distinction between the plans being "offered" and whether employees used it.

- A9. *Under your flexible spending account or cafeteria plan, may employees use pre-tax dollars to...*
- a. *Pay for health insurance premiums*
 - b. *Pay for deductibles and copayments*
 - c. *Pay for other unreimbursed medical expenses*

The respondents to whom this question applied had no problems formulating meaningful responses.

- A10. *If an employee decides not to take health insurance from [COMPANY NAME], or chooses a lower cost plan, can he or she substitute other benefits?*

Respondents were able to answer this question. When describing this situation, they used phrases such as "buying-down". Only 3 respondents reported that their companies allowed such substitutions. Through cognitive probing, we learned that some respondents talked about "opting out" situations, where an employee could get the cash value of the insurance, rather than "substituting other benefits".

Section B: PLAN INVENTORY

Next, I have some questions about health insurance plans you offer to active employees. By health insurance plans, I mean plans that cover physician and hospital care and might cover other services. Please do not include single service plans that cover only one or two special services like dental or vision or plans that are limited to retirees.

B1. How many different health insurance plans do active employees at this location get to choose from?

Respondents had no major problems with this question. The answers ranged from 1-4 plans. Several commented that they appreciated having the definition about which types of plans to include or not, since they would have wondered about that.

There are two reasons why it might be better for the question to ask about the number of plans offered, rather than the number they can choose from. First, this wording would be consistent with the introduction to the section "... about health insurance plans you offer...". Second, it might help a respondent who knew that they offered 2 plans but felt that there were 4 options from which an employee could choose (single or family in both plans).

B2. What are the names of these plans? First tell me the names of the insurers and then the names of the plans.

This question did not work at all. None of the respondents think about the health insurance they offer in this way, i.e. as an insurer and then a plan name. Respondents didn't know how to answer, often describing it the best they could, including whether it was a POS, PPO, or HMO, and then telling the interviewers to sort it out however we wanted. Respondents also didn't know how to deal with this question for plans that were self-insured.

It was in response to this question that it became clear that one small company with 4 employees only offered a Medical Savings Account. Although the Medical Savings Account didn't fit into one of the categories presented in the introduction to the question,

the respondent considered it health insurance that the company offered to employees.

- B3. *Does your plan year begin on the same month for all plans?*
- B4. *Were any of these plans added during the current plan year as new offerings? (Which ones?)*
- B5. *Did you drop any plans that were offered during the last plan year? (Which ones?)*

Respondents had no problems with these questions

- B6. *Next, please tell me approximately how many or what percent of all active employees are enrolled in [READ PLAN 1]*

Although for some respondents it took a little bit of calculation, most were able to answer this question easily. None of the respondents included family members or dependents in their calls of active employees. For companies that have more than one location, it may be advisable to add wording to the question to remind the respondent that they should be thinking about one location only.

- B7. *Is [READ PLAN 1] a traditional indemnity health plan, a preferred provider organization, a point-of-service plan - also known as an HMO/PPO hybrid or open-ended HMO - or a traditional health maintenance organization?*

Most respondents had already told the interviewer the answer to this question when they were first describing the plan, so for many it was a redundant question. This question appears later in the interview in the instrument CSR received to cognitively test - it's asked a few questions later. You may want to consider moving it earlier, since respondents are clearly thinking of plan type as they are describing other plan characteristics.

While not all of the respondents could clearly define all the different plan types, all knew which ones they offered and could answer question B7. Respondents prefer the use of acronyms - HMO, PPO, etc, rather than the entire words (e.g., “traditional health maintenance organization”). One employer offered a PPO, but the term “preferred provider organization” didn’t resonate with the respondent. It wasn’t until she heard “PPO” in the POS definition that she was able to answer correctly. Using the acronyms in the body of the question, and having the definitions available to be read if needed, would probably work this item.

It might also be helpful to respondents to re-order the list to start with something other than indemnity, which so few organizations offer now.

Section C: PRODUCT ATTRIBUTES

Table 2. NUMBERS AND TYPES OF PLANS REPORTED ON BY COGNITIVE INTERVIEW RESPONDENTS.

1 INDEMNITY
7 PPO
2 POS
4 HMO
1 MSA

C1. Does this plan include a network of health care providers?

Respondents had no difficulty with this question. Everyone understood the term “network of providers”.

C2. Now I’m going to ask you two different questions that are both asking the same thing. After you answer them, we’ll talk more about them.

VERSION A: Are enrollees required to get a referral from a primary care physician, or gatekeeper, before using specialists? (IF SOMETIMES: When does the plan require a referral from a primary care physician and when does it not?)

VERSION B: If enrollees do not have a referral from a primary care physician and go to in-network specialists, does the plan cover any of the costs for these visits? (IF SOMETIMES: Please explain.)

Respondents were able to answer both versions of this question, but found Version A to be both easier to understand and to answer (11 of the 14 who had a preference preferred Version A). One respondent didn't particularly like the term "gatekeeper" but everyone knew what the term meant. One respondent, when describing the difference between the 2 questions, commented that the first question was a "process" question - do you need a referral - and the second was a "money" question - who pays.

C3. Again, we have two questions about the same topic.

VERSION A: If enrollees decide to use physicians who are not in the network, do they have to pay the full cost of those visits?

VERSION B: If enrollees do not have a referral and go to out-of-network physicians, does the plan cover any of the costs of these visits?

Respondents were able to answer both of these questions, and they preferred Version A by a slim margin (6 out of the 10 who had a preference).

The use of the word "referral" in Version B does not help clarify the question and actually made it harder for some respondents, when referrals are not required for their plans.

It is difficult for respondents to answer questions about hypothetical situations. It may be easier for them to think about if the scenario was presented as a concrete example, rather than as a hypothetical situation. Consider rewording the item to start with, “When an enrollee goes to an... ”.

(IF PPO/HMO) C4. Does this plan provide medical providers through a staff model, a group model - where the plan contracts with a single group, a network or IPA model - where the plan contracts with many individual or group providers, or something else?

This was a difficult question for respondents. Of the 10 respondents to whom this question applied, only 3 were able to answer this question cleanly on the first try, with no repeats, questions, or clarifications of answers. Four others were able to formulate responses, but two admitted that they didn’t really know the answer and were basically guessing. Three respondents continued to answer “don’t know” and were unable to provide a satisfactory answer.

Section D: PREMIUMS

D1. Is this a fully insured plan purchased from an insurance underwriter or is it a self-insured plan?

IF NEEDED: A fully insured plan is purchased from an insurer or other underwriter that assumes the risk for enrollees’ medical expenses. Under a self insured plan, your organization assumes the risk for enrollees’ medical expenses and may charge a premium to employees. This plan may be administered by a third party and may employ supplemental stop-loss insurance to limit unanticipated losses.

Only one respondent required the definition to be read. But this respondent - with a PPO - was still unable to answer the question even after the definition was read. The general

consensus among respondents, however, was that it would be helpful to have the definition of a self insured plan provided before the question.

We also tested another definition: “A health plan is fully insured if it is purchased from an insurance company or other underwriter who assumes full risk for enrollees’ medical expenses. A health plan is “employer self-funded” if an organization pays the claims from its own resources regardless of who administers the plan.”

Overall, respondents preferred the first definition, finding it a little clearer. Nonetheless, some respondents asked questions about some of the phrases in the first definition, and others preferred the succinctness of the second.

(IF SELF-INSURED)

D2. Do you calculate a premium equivalent, that is a cost per full-time covered employee?

Most of those who were self-insured were able to answer this question. However, the term “premium equivalent” was not understood by all respondents. Some thought it was how much the company pays for the insurance, others how much it costs altogether. Some respondents also said that the insurance company calculates the premium equivalent, so they weren’t sure if they should say “yes.”

*NOTE: QUESTIONS D3-D8 ASKED OF SELF-INSURED WITH PREMIUM EQUIVALENT
QUESTIONS D9-D14 ASKED OF THOSE WITH UNDERWRITTEN INSURANCE*

Questions D15-D20 would have been asked of those who are self-insured without premium equivalent, but there were no respondents who answered that way.

*D3. What is the premium equivalent for a full-time employee with single coverage?
D9. What is the total premium for a full-time employee with single coverage?
D15. What is the COBRA amount for single coverage?*

Most respondents were able to answer this question, or at least knew how to easily access the information. Several respondents said that “it depends”. One reported that it depended on the age and gender of the enrollee; there is a chart that is used to figure out the premium for this PPO.

The problems mentioned above about premium equivalents continue here. One respondent didn’t understand the difference between the premium equivalent and the amount the employee pays. This also happened once in the case of a POS, where the respondent answered D9 as “\$0 - they don’t have a premium - there’s no cost associated”.

Answers were usually given in dollar amounts per month, though some answered in 2-week pay periods.

D4/10/16. How much does a full-time employee with single coverage contribute toward his or her own premium?

Again, those who didn’t have the information in memory (or as in one case, a pay stub on the desk), knew how to easily obtain this information.

D5. Compared with your last plan year, did the premium equivalent for single coverage increase, decrease, or stay the same? (What was the increase/decrease) for single coverage?

D11. Compared with your last plan year, did the premium for single coverage increase, decrease, or stay the same? (What was the increase/decrease) for single coverage?

D17. Compared with your last plan year, did the COBRA amount for single coverage increase, decrease, or stay the same? (What was the increase/decrease) for single coverage?

These questions worked well. Answers were given in percentages for some respondents and dollar amounts for others.

D6/D12/D18. Is family coverage offered under this plan?

Respondents were confused by whether we were referring to the family coverage being offered by the plan or the company.

D7. What is the premium equivalent for a full-time employee with coverage for a family of four?

D13. What is the total premium for a full-time employee with coverage for a family of four?

D19. What is the COBRA amount for a full-time employee with coverage for a family of four?

While some respondents understood the concept of “family of four” and knew how to answer, others reported that the term was not meaningful to them. It was at this point that several respondents used the term “different tiers” to describe their plans - single/family, or adult/adult+child, or 2 adults plus child(ren), etc. For respondents who had a different plan, it seemed to take some time for them to adjust how they usually think about things to this norm of a family of 4. Their answers basically fit, but it took them time to hear what we were asking and to map the way they normally think to the way we were asking the question.

D8/D14/D20. How much does a full-time employee with coverage for a family of four contribute toward his or her own premium?

For most respondents, there were no additional problems other than those already noted about the family of 4 with this question. They either knew the answer or knew how to find it. There was one unique situation though. For one respondent, the employees don't have to pay any of their own premiums, but they do have to pay for the rest of the family's

coverage. For this question, that asks about what an employee “contributes toward his or her own premium” the respondent said “nothing” - but they do have to pay for others.

Section E: DEDUCTIBLES & COPAYS

IF INDEMNITY/HMO - ASKED E1-E15

IF PPO/POS - ASKED E16- E26

E1/E16 Does this plan have a deductible?

Most respondents had no trouble understanding what this question was asking and were able to answer readily. However, some may have confused deductibles with co-payments for services. One respondent, who could confidently define “deductible”, still answered as though the co-payment amount (for a doctor’s office visit or a hospital stay) was the deductible.

Several respondents wanted to note here that they had a deductible only for out-of-network services or that they had different deductibles for in- and out-of-network. Perhaps adding the word “any” so the question reads “... have any deductible”, or splitting the question up for those who have a network (does this plan have a deductible for in-network services? ... for out-of-network services?) will help.

E2. What is the annual deductible for an enrollee with single coverage?

E17. What is the annual deductible an enrollee with single coverage pays for in-network services?

E18. What is the annual deductible an enrollee with single coverage pays for out-of-network services?

Most respondents were able to answer this question easily. However, one respondent said that the amount of the deductible depended on the type of plan chosen - there was a basic, a standard and a deluxe version - and each had a different deductible. Also, it was not clear whether respondents answered E18 (out-of-network deductible) as an amount on

its own or if it was in addition to the amount listed in E17.

E4/E19 Does this plan have a family deductible?

E6. What is the annual family deductible for a family of four?

E20. Is there one family deductible or are there different family deductibles for in-network and out-of-network services?

IF ONE: What is the annual family deductible for a family of four?

IF DIFFERENT: What is the annual family deductible for a family of four for in-network services?

What is the annual family deductible for a family of four for out-of-network services?

Although almost all respondents were able to provide an answer to this question, about a quarter of the respondents didn't know at least one of these numbers. Through discussions with respondents, we also found that several respondents didn't necessarily think about the family deductible as a set number, but more as a multiple of the single deductible. One respondent suggested we ask the question - "Is there a limit on deductibles for families?" Another answered Question E19 by saying "Yes, a limit of 2 individual deductibles."

E8/E21. Do enrollees in this plan pay a share of the cost of a physician office visit?

This question worked well.

E9. *For physician office visits, do enrollees in this plan pay a co-payment - that is, a set dollar amount, or do they pay a co-insurance rate - that is, a percentage of the charges?*

E22. *For in-network physician office visits, do enrollees in this plan pay a co-payment - that is a set dollar amount, or do they pay a co-insurance rate - that is a percentage of the charges?*

IF CO-PAY: What is the co-payment for an (in-network) primary care physician seen during normal office hours?

IF CO-INSURANCE: What is the co-insurance rate for an (in-network) primary care physician seen during normal office hours?

Respondents understood the difference between co-payment and co-insurance rate, though having the definition as part of the question the first time these terms are used would probably be helpful. When the terms are used in subsequent questions, having the definition available if needed would probably work fine.

Respondents talked about having a co-payment rate for in-network visits and a co-insurance rate for out-of-network visits. They seemed to know the difference and would have been able to answer E22 for out-of-network with the same amount of ease.

Interviewers received several qualified answers for this question, especially in the co-insurance follow-up. Respondents were unsure what to do with the deductible. For example, one respondent said, "20% after the deductible." This problem could easily be solved by adding the phrase, "not including any deductible" to the beginning of the question.

Several respondents commented on the distinction between primary care and specialist visits. It is probably best to keep the phrase in the question.

E11. Do enrollees in this plan pay a share of an in-patient hospital stay?

E23. Do enrollees in this plan pay a share of an in-network, in-patient hospital stay?

E12/E24. Do they pay a set amount per stay, a set amount per day, or a percentage of total charges?

IF PER STAY: What is the amount (for an in-network hospital stay/per hospital stay)?

IF PER DAY: What is the amount per day (for an in-network hospital stay)?

What is the maximum number of days?

IF PERCENT: What is the percentage of charges, or co-insurance rate?

Aside from the tongue twister of “in-network, in-patient,” the deductible concern was the main problem with this question. Again, many wanted to qualify their answer with “after the deductible.” At E23, one respondent was not sure how to answer because after the deductible the plan paid 100%. Adding the phrase “not including the deductible” to the beginning of this question will make it easier for respondents to answer.

Some respondents said that the amount depends on the services, noting mental health services in particular.

It may also help to clarify the “they” in Question E12/E24, or the follow-ups. Some respondents seemed to talk more about what the plan pays. Repeating that you are interested in the enrollee, (i.e. How much does the enrollee pay per day for an (in-network) inpatient hospital stay?), will help standardize responses.

E25. Do enrollees in this plan pay a different amount for in-patient stays in out-of-

network, or non-participating hospitals?

Some respondents did not know the answer to this question, but all seemed to understand the meaning of the term. However, this question is difficult to both read and hear (“in-patient stays in out...”). Consider rewording the item, perhaps using “hospital stays” or “non-network”.

E15/E26. Does this plan limit the amount it will cover for in-patient hospital stays during a plan year?

E15a/E26a. What is the maximum amount the plan will cover for (in-network), in-patient hospital stays during a plan year?

Several respondents had difficulty with Question E15/E26. Some didn’t know the answer, others couldn’t choose an answer, and still others wanted to qualify their answers. One said the amount covered depended on whether the hospital stay was for in- or out-of-network facilities. (One respondent reported a limit for skilled nursing facilities and another respondent a limit for mental health services, but only one of them answered yes to E15.

Once respondents made it through E15/E26, most were able to answer E15a/E26a. Several who knew they had a limit, didn’t know the number but would be able to access that information if required. One respondent wanted to answer with a figure that represented the maximum an enrollee would have to pay.

SECTION F: DRUG & OTHER BENEFITS

F1. Does this plan provide prescription drug benefits?

Almost all of the respondents were able to answer this question. The respondent with the

indemnity plan did not choose yes or no, but said, "It's a separate benefit. We have a separate administration for our prescription plan."

Also, if you are interested only in active employees and/or only enrollees from this location, it may be best to add that to the question since this issue caused problems in subsequent questions.

F2. Do enrollees in this plan pay a fixed amount or percentage of each prescription drug charge?

Four respondents were not able to answer this question cleanly. Their plans either had different coverage for active versus retired enrollees, or had both a co-pay and a co-insurance rate depending on type of drug, or whether it was an in-network or an out-of-network pharmacy.

F3. Does this plan use a four tier, three tier, two tier, or single tier cost sharing plan?

Although respondents eventually understood these terms after talking with the interviewer, we are not positive that "tier" or "cost sharing plan" are the best words to use. Describing them as "life style drugs" or "brand name drugs" is not necessarily any more helpful. Some respondents clearly understood what we were asking, and were very used to the word "tier", while others didn't have any familiarity with the terminology.

Some respondents asked for clarification by asking if the question referred to prescriptions. This is one source of confusion that can be easily remedied by adding "drugs" or "prescription drugs" somewhere in the question.

Since "tiers" aren't universally understood, consider asking whether enrollees pay the same amount for all prescriptions. Another alternative would be to ask does it vary depending on the type of drug and then ask follow up questions.

- F3a. *How much is the copayment per prescription?*
- F4a. *What percentage of prescription drug charges are paid by enrollees in this plan?*
- F3b. *How much is the copayment per prescription for the....*
- F4b. *What percentage of prescription drug charges are paid by enrollees in this plan for the....*
- a. *high cost prescription*
 - b. *low cost prescription*
- F3c. *How much is the copayment per prescription for the....*
- F4c. *What percentage of prescription drug charges are paid by enrollees in this plan for the....*
- a. *highest cost prescription*
 - b. *mid- cost prescription*
 - c. *lowest cost prescription*
- F3d. *How much is the copayment per prescription for the....*
- F4d. *What percentage of prescription drug charges are paid by enrollees in this plan for the....*
- a. *highest cost prescription*
 - b. *2nd highest cost prescription*
 - c. *3rd highest cost prescription*
 - d. *lowest cost prescription*

Once respondents actually got to these questions and understood what was being asked, most were able to answer easily.

- F5. *Does this plan limit the annual amount it will cover for prescriptions? (What is the maximum amount per year this plan will cover for prescriptions?)*

Although some respondents didn't know the answer, everyone seemed to understand the

question and what it was asking.

F6. Under this plan, what is the maximum annual out-of-pocket expense for an enrollee?

Because of the structure of the cognitive interview, this question seemed a little out of place for some respondents. They thought we were asking about limits on spending for prescriptions. Some sort of introduction will help orient respondents to what is now being asked. Again, some respondents weren't sure how to consider deductibles and whether they should be included here. We have used this question in various forms in other studies and usually begin the question with a definition that tells respondents what to include and what not to include, e.g.: "An out-of-pocket expense is all the money that an enrollee pays for care and treatment except the cost of the insurance premium."

F7. Is there a family maximum under this plan? IF YES, What is the maximum annual out-of-pocket expense for a family of four?

For the sake of clarity, it may be helpful to respondents to ask both of these questions in the same format, either both with screeners and follow-up questions, or both as single questions.

ABOUT THIS SURVEY

READ TO RESPONDENT:

The questions I'm going to read are ones we're considering using in a study about health plans employers offer to their employees. I'm going to ask you some of the questions as they have been worded for the survey questionnaire. After a series of questions, I'm going to ask you some follow-up questions about those questions, so we can think about making them better. These follow-up questions will ask about things like how you arrived at your answer, or what the question meant to you. The purpose of the follow-up questions is to be sure that the questions we've written are working the way we expect them to. Your feedback will be very helpful. In addition, you should feel free to tell me if you are uncertain about what a question means or how to answer it. If you have a problem with a question, it is likely others will, too. Please remember, there are no right or wrong answers.

Section A: FIRM/ ESTABLISHMENT LEVEL QUESTIONS

A1. How many full and part-time employees does [NAME] currently have on the payroll nationwide?

_____ # EMPLOYEES

DK -----> A1a. Can you estimate the range? Would you say that the total number of employees nationwide is 2-9, 10-24, 25 to 49, 50 to 99, 100 to 999, 1000 TO 4,999, or 5,000 or more?

2-9

10-24

25-49

50-99

100-999

1000-4999

5000+

A2.. Does [NAME] operate in more than one location in the United States?

YES

NO (SKIP TO COGNITIVE QUESTIONS)

A3. How many full and part-time employees does [NAME] have at this location?

_____ # EMPLOYEES

DK -----> A3a. Can you estimate the range? (Would you say that the total number of employees at this location is 2 to 4, 5 to 9, 10 to 24, 25 to 49, 50 to

99, 100 to 999, 500 to 999, or 1000 or more?)

10-24

25-49

50-99

100-999

1000-4999

5000+

GOALS A1: Can R answer this question “cleanly”?

Does R include all permanent, temporary and seasonal employees?

Do the ranges at A1a work?

GOALS A3: Can R answer this question cleanly?

Does R include all permanent, temporary and seasonal employees?

How does R understand “at this location”

Do the ranges at A3a work?

DID R ANSWER QUESTION A1 “CLEANLY” (NO QUESTIONS, CLARIFICATIONS, ETC) ?

YES

NO -----> EXPLAIN: -----

DID R ANSWER QUESTION A1 WITH A RANGE, NOT A SPECIFIC NUMBER?

YES

NO

When I asked you about employees “at this location” where exactly were you thinking about?

*When you were answering these questions, were there any types employees that you didn’t include?
(IF YES: WHICH TYPES & WHY)*

A6. Approximately how many or what percent of all permanent employees at this location earn

a. less than \$9.50 an hour #: _____ %: _____ [] DK

b. between \$9.50 and \$21.00 an hour #: _____ %: _____ [] DK

c. more than \$21.00 an hour #: _____ %: _____ [] DK

A7. Approximately how many or what percent of all permanent employees at this location are union members?

#: _____ %: _____ [] DK

GOAL A4: Are categories mutually exclusive and exhaustive?

**GOALS A5: Does R have any difficulty thinking about only “permanent” employees now?
Does R remember to include part-time permanent employees?**

**GOALS A6: Would it be easier for R if this was converted to annual salary?
How would R handle part-time employees if asked as an annual amount?**

GOAL A7: Any question about what “union member” means?

**GOAL OVERALL: Does R prefer percent or number? Why?
Are there certain statistics R thinks about one way or the other?**

*(A7) Is there anyone at this location that you weren't sure whether to include as a "union member"?
(EXPLAIN)*

(A4) I started this series by asking about permanent full-time, part-time, and temporary employees. Did that include everyone at this location, or did the question leave anyone out? (WHO? EXPLAIN.)

(A4) How did you decide what employees belong in each category? (Was there anyone who works here that you weren't sure into which category you should put them?)

(IF THERE ARE TEMPORARY EMPLOYEES) The next question asked about the ages of your permanent employees - was it difficult for you to think only in terms of permanent employees (and not include temporary ones)?

(IF PART-TIME EMPLOYEES) - Did you include the permanent part-time employees in your numbers?

When we ask about what employees earn, we can either ask about dollars per hour, like we did, or sometimes we ask about annual income. How would you answer the following....

Approximately how many or what percent of all permanent employees at this location earn less than \$20,000 per year?

Approximately how many or what percent of all permanent employees at this location earn more than \$44,000 per year?

(IF PART TIME EMPLOYEES) How did you answer this for part time employees? (Did you answer what they actually make annually, or what they would have made if they were full-time?)

Which version of the money question do you prefer? (WHY?)

Overall, is it easier for you to answer questions like these using actual numbers or percentages? (WHY?)

Are there certain statistics you think of as numbers and others that you think of as a percentage? (Tell me about that).

A8. Do you offer a flexible spending account or cafeteria plan -- where employees can pay for premium uncovered medical expenses with pre-tax dollars or choose between health and non-health benefits based on a fixed dollar amount?

YES

NO (SKIP TO A10)

A9. Under your flexible spending account or cafeteria plan, may employees use pre-tax dollars to...

a. Pay for health insurance premiums YES NO DK

b. Pay for deductibles and copayments YES NO DK

c. Pay for other unreimbursed medical expenses YES NO DK

A10. If an employee decides not to take health insurance from [COMPANY NAME], or chooses a lower cost plan, can he or she substitute other benefits?

YES

NO

GOALS A8: Does R understand question?

Does R understand “flexible spending account” vs. “cafeteria plan”

GOALS A10: Does R understand question?

What are “other benefits”?

DID R ANSWER QUESTION A8 “CLEANLY” (NO QUESTIONS, CLARIFICATIONS, ETC) ?

YES

NO -----> EXPLAIN: -----

(A10) In your own words, what is that last question asking?

(A10) What kinds of “other benefits” were you thinking about?

(A8) How would you describe the difference between a “flexible spending account” and a “cafeteria plan”?

Section B: PLAN INVENTORY

Next, I have some questions about health insurance plans you offer to active employees. By health insurance plans, I mean plans that cover physician and hospital care and might cover other services. Please do not include single service plans that cover only one or two special services like dental or vision or plans that are limited to retirees.

B1. How many different health insurance plans do active employees at this location get to choose from

ONE

_____ # PLANS

**GOALS B1: How does R understand “active employees”?
Any question about whether or not to include a certain plan?**

What does the phrase “active employees” mean to you? (Was there anyone you weren’t sure whether to include as an “active employee? Tell me about it.)

Were there any health plans you offer that you weren’t sure whether you should include in this question? (WHICH ? WHY?)

INTERVIEWER CHECK: ONE PLAN OFFERED (SKIP TO B8)

MORE THAN ONE PLAN

******THIS IS WHERE YOU NEED THE YELLOW HEALTH PLAN GRID ******

B2. What are the names of these plans? First tell me the names of the insurers and then the names of the plans. [FILL IN GRID SHEET]

B3. Does your plan year begin on the same month for all plans?

YES

NO

B4. Were any of these plans added during the current plan year as new offerings?

YES -----> Which ones? [MARK GRID]

NO

B5. Did you drop any plans that were offered during the last plan year?

YES -----> Which ones? _____

NO

B6. Next, please tell me approximately how many or what percent of all active employees are enrolled in [READ PLAN 1] [MARK GRID]

B7. Is [READ PLAN 1] a traditional indemnity health plan, a preferred provider organization, a point-of-service plan - also known as an HMO/PPO hybrid or open-ended HMO - or a traditional health maintenance organization? (MARK GRID)

GOAL B2: How does R handle more than one plan offered by one insurer (as 1 plan?)

GOAL B3: How does R think about “plan year” (when does it start? etc.)

**GOAL B4/B5: Any trouble answering?
How does R deal with questions if differing plan years?**

GOAL B6: Any trouble answering for number of employees vs. enrollees?

**GOAL B7: Does R understand the different plan types?
Does R need the definitions?
Would R prefer acronyms or actual words? (HMO vs health maintenance org)**

The first thing I asked was for you to list the name of the insurer and then the plan - did that make sense for you? (Is that how you think about health plans?) (IF NO: EXPLAIN)

(IF NOT MENTIONED) Sometimes a company might have more than one plan from one insurer. How would you handle that if you were counting the number of plans?

Tell me a little about the “plan year”(s) for your plans. (When do they begin?)

(IF NOT ALL SAME MONTH) When I asked about adding or dropping plans, how did you handle the fact that you have different plan years? (What time period did you think about?)

When I asked about employees who were enrolled in each plan, did you include family members, too? (IF YES: About how many employees are enrolled in each plan?)

The last question in the series asked about different plan types - indemnity, preferred provider, point-of-service, and health maintenance organizations - did you have any questions about these types (Tell me about it).

Often people refer to the plan types by their acronyms - PPO, POS, HMO. How do you normally think about the plan types? (Would having the acronym in the question been easier for you?)

ALL SKIP TO C1 on page 11

B8. What is the name of this plan? Please begin with the name of the insurer and then the name of the p

INSURER: _____

PLAN: _____

B9. Was this plan added during the current plan year as a new offering?

YES

NO

B10. Did you drop any plans that were offered during the last plan year?

YES Which ones? _____

NO

B11. Approximately how many or what percent of all active employees are enrolled in this plan

#: _____ %: _____ [] DK

B12. Is this a traditional indemnity health plan, a preferred provider organization, a point-of-service plan also known as an HMO/PPO hybrid or open-ended HMO - or a traditional health maintenance organization?

[] INDEMNITY

[] PPO

[] POS

[] HMO

GOAL B8: Verify that R has only one plan (not one insurer and more than one plan)

GOAL B9/B10: Any trouble answering?

GOAL B11: Any trouble answering for number of employees vs. enrollees

**GOAL B12: Does R understand the different plan types?
Does R need the definitions?
Would R prefer acronyms or actual words? (HMO vs health maintenance org)**

The first thing I asked was for you to give me the name of the insurer and then the plan - did that make sense for you? (Is that how you think about your health plan?) (IF NO: EXPLAIN)

(IF NOT MENTIONED) Sometimes a company might have more than one plan from one insurer. How would you handle that if you were counting the number of plans?

When I asked about employees who were enrolled in each plan, did you include family members, too? (IF YES: About how many employees are enrolled in each plan?)

The last question in the series asked about different plan types - indemnity, preferred provider, point-of-service, and health maintenance organizations - did you have any questions about these types (Tell me about it).

Often people refer to the plan types by their acronyms - PPO, POS, HMO. How do you normally think about the plan types? (Would having the acronym in the question been easier for you?)

Section C: PRODUCT ATTRIBUTES

INTERVIEWER CHOOSE A PLAN FROM YOUR CHECKLIST:

PLAN CHOSEN: _____

PLAN TYPE: INDEMNITY PPO POS HMO

Cx. (IF MORE THAN ONE PLAN): Now I have some specific questions about your health plans.
Let's talk about your [FILL PLAN NAME] plan.

(IF ONE PLAN): Now I have some specific questions about your health plan.

C1. Does this plan include a network of health care providers?

YES

NO (SKIP TO D1)

C2. Now I'm going to ask you two different questions that are both asking the same thing. After you answer them, we'll talk more about them.

VERSION A:

Are enrollees required to get a referral from a primary care physician, or gatekeeper, before using specialists?

YES

NO

SOMETIMES (IF OFFERED) ----->When does the plan require a referral from a primary care physician and when does it not?

VERSION B:

If enrollees do not have a referral from a primary care physician and go to *in-network* specialists, does the plan cover any of the costs for these visits?

YES

NO

SOMETIMES (IF OFFERED) -----Please explain.

<p>GOALS C2: Does R see the 2 versions as asking about the same thing?</p> <p>Which version does R prefer?</p> <p>How does R understand question?</p> <p>How does the “sometimes” answer fit with the question?</p> <p>Are questions answered consistently (positive one/negative other)?</p>
--

In your own words, what do you think these questions are asking about? (DOES R THINK THE 2 QUESTIONS ARE ABOUT THE SAME THING?)

Which version do you prefer (RE-READ IF NECESSARY)? (Why?)

(IF BOTH VERSIONS ANSWERED SAME: VERIFY ANSWERS & CONSISTENCY)

C3. Again, we have two questions about the same topic.

VERSION A:

If enrollees decide to use physicians who are not in the network, do they have to pay the full cost of those visits?

YES

NO

SOMETIMES (IF OFFERED)

VERSION B:

If enrollees do not have a referral and go to *out-of-network* physicians, does the plan cover any of the costs of these visits?

YES

NO

SOMETIMES (IF OFFERED)

GOALS C3: Does R see the 2 versions as asking about the same thing?

Which version does R prefer?

How does R understand question?

Are questions answered consistently (positive one/negative other)?

Does the “referral” reference in version 2 make it easier or harder to answer?

In your own words, what do you think these questions are asking about? (DOES R THINK THE 2 QUESTIONS ARE ABOUT THE SAME THING?)

Which version do you prefer (RE-READ IF NECESSARY)? (Why?)

The second version of this question used the phrase “do not have a referral” - does that help make the question clearer?

(IF BOTH VERSIONS ANSWERED SAME: VERIFY ANSWERS & CONSISTENCY)

INTERVIEWER CHECK: PLAN TYPE

INDEMNITY/POS (SKIP TO D1)

PPO/HMO

C4. Does this plan provide medical providers through a staff model, a group model - where the plan contracts with a single group, a network or IPA model - where the plan contracts with many individual or group providers, or something else?

STAFF

GROUP

NETWORK/IPA

OTHER -----> Please describe:

GOALS C4: Does R have any trouble classifying plan?

Does R understand all terms in question?

Is “other” really another model?

DID R ANSWER **QUESTION C4** “CLEANLY” (NO QUESTIONS, CLARIFICATIONS, ETC) ?

YES

NO -----> EXPLAIN: -----

The question asked about staff, group, and IPA or network models - did you have any question about

these terms? (Tell me more)

(IF HAVE MORE THAN 1 PLAN) Would you be able to answer this question for all the plans you currently offer?

Section D: PREMIUMS

D1. Is this a fully insured plan purchased from an insurance underwriter or is it a self-insured plan?

UNDERWRITER

SELF INSURED

IF NEEDED: A fully insured plan is purchased from an insurer or other underwriter that assumes the risk for enrollees' medical expenses. Under a self insured plan, your organization assumes the risk for enrollees' medical expenses and may charge a premium to employees. This plan may be administered by a third party and may employ supplemental stop-loss insurance to limit unanticipated losses.

**GOALS D1: Did R understand question?
Did R need definition read? (Was definition helpful)?
Does R understand difference between "underwriter" and "self-insured"?**

DID YOU READ DEFINITION FOR **QUESTION D1?**

YES -----> Did it help R? YES NO

NO

In your own words, please describe the difference between a fully-insured plan and a self-insured plan?

Sometimes questions include technical words that need definitions. For example, a definition for this last question could be.... READ DEFINITION IF NEEDED. On a scale from 0 to 10, where 0 was not helpful at all and 10 was extremely helpful, how helpful would you rate this definition? (How did you decide on your rating?)

Another definition could be this:

A health plan is fully insured if it is purchased from an insurance company or other underwriter who assumes full risk for enrollee's medical expenses. A health plan is employer self-funded if an organization pays the claims from its own resources regardless of who administers the plan.

How would you rate this on that same 0-10 scale? (How did you decide on your rating?)

*Do you think including a definition before the question would have made it easier to answer?
(Why? What kind of definition?)*

INTERVIEWER CHECK: UNDERWRITER (SKIP TO D9)

SELF-INSURED

D2. Do you calculate a premium equivalent, that is a cost per full-time covered employee?

YES

NO (SKIP TO D15 on PAGE 19)

D3. What is the premium equivalent for a full-time employee with single coverage?

\$_____ PER _____ (UNIT)

D4. How much does a full-time employee with single coverage contribute toward his or her own premium?

\$_____ PER _____ (UNIT)

D5. Compared with your last plan year, did the premium equivalent for single coverage increase, decrease or stay the same?

INCREASE -----> What was the increase for single coverage? _____

DECREASE -----> What was the decrease for single coverage? _____

STAY THE SAME

D6. Is family coverage offered under this plan?

YES

NO (SKIP TO COGNITIVE)

D7. What is the premium equivalent for a full-time employee with coverage for a family of four?

\$_____ PER _____ (UNIT)

D8. How much does a full-time employee with coverage for a family of four contribute toward his or her own premium?

\$_____ PER _____ (UNIT)

GOAL D2: Does R understand “premium equivalent”?

GOAL D5: How does R talk about increases/decreases? (% , dollar amount)?

GOALS D6-8: How does R think about “family coverage” (is “family of 4” meaningful)?
Any difference in ease of answering for single vs. family?

GOAL OVERALL: Can R answer these questions easily or need to look things up?
What kinds of units does R think about these questions in (\$/mo/quarter)

In your own words, what does the phrase “premium equivalent” mean”?

Do you know about the premiums and deductibles for the health plan(s) you offer off the top of your head, or do you have to look the information up somewhere? (Tell me a little about that.)

(IF HAVE TO LOOK UP) On a scale of 0 to 10, where 0 is extremely easy and 10 is extremely difficult, how would you rate what it takes to access those kinds of numbers? (How did you decide on your rating)

(IF HAVE FAMILY COVERAGE): The family coverage questions asked about a “family of four”? Did that make sense to you? (Is “family of four” the way you think about it? - Tell me about how you think about it.)

Is it any different accessing the information about premiums and deductibles for someone with single coverage and someone with family coverage (IF YES: Tell me about the differences)

Is it easier to answer questions about single coverage or family coverage? (WHY?)

ALL SKIP TO E1 on page 23

D9. What is the total premium for a full-time employee with single coverage?

\$_____ PER _____ (UNIT)

D10. How much does a full-time employee with single coverage contribute toward his or her own premium?

\$_____ PER _____ (UNIT)

D11. Compared with your last plan year, did the premium for single coverage increase, decrease, or stay the same?

[] INCREASE -----> What was the increase for single coverage? _____

DECREASE -----> What was the decrease for single coverage? _____

STAY THE SAME

D12. Is family coverage offered under this plan?

YES

NO (SKIP TO COGNITIVE)

D13. What is the total premium for a full-time employee with coverage for a family of four?

\$_____ PER _____ (UNIT)

D14. How much does a full-time employee with coverage for a family of four contribute toward his or her own premium?

\$_____ PER _____ (UNIT)

GOAL D11: How does R talk about increases/decreases? (% , dollar amount)?

**GOALS D12-14: How does R think about “family coverage” (is “family of 4” meaningful)?
Any difference in ease of answering for single vs. family?**

**GOAL OVERALL: Can R answer these questions easily or need to look things up?
What kinds of units does R think about these questions in (\$/mo/quarter)**

Do you know about the premiums and deductibles for the health plan(s) you offer off the top of your head, or do you have to look the information up somewhere? (Tell me a little about that.)

(IF HAVE TO LOOK UP) On a scale of 0 to 10, where 0 is extremely easy and 10 is extremely difficult, how would you rate what it takes to access those kinds of numbers? (How did you decide on your answer)

(IF HAVE FAMILY COVERAGE): The family coverage questions asked about a “family of four”? Did that make sense to you? (Is “family of four” the way you think about it? - Tell me about how you think about it.)

Is it any different accessing the information about premiums and deductibles for someone with single coverage and someone with family coverage (IF YES: Tell me about the differences)

Is it easier to answer questions about single coverage or family coverage? (WHY?)

ALL SKIP TO E1 on page 23

D15. What is the COBRA amount for single coverage?

\$_____ PER _____ (UNIT)

D16. How much does a full-time employee with single coverage contribute toward his or her own premium?

\$_____ PER _____ (UNIT)

D17. Compared with your last plan year, did the COBRA amount for single coverage increase, decrease, stay the same?

INCREASE -----> What was the increase for single coverage? \$ _____

DECREASE -----> What was the decrease for single coverage? \$ _____

STAY THE SAME

D18. Is family coverage offered under this plan?

YES

NO (SKIP TO COGNITIVE)

D19. What is the COBRA amount for a full-time employee with coverage for a family of four?

\$_____ PER _____ (UNIT)

D20. How much does a full-time employee with coverage for a family of four contribute toward his or her own premium?

\$_____ PER _____ (UNIT)

GOAL D2: Does R understand “premium equivalent”?

GOAL D15: Does R understand “COBRA amount”?

GOAL D17: How does R talk about increases/decreases? (% , dollar amount)?

**GOALS D18-20: How does R think about “family coverage” (is “family of 4” meaningful)?
Any difference in ease of answering for single vs. family?**

**GOAL OVERALL: Can R answer these questions easily or need to look things up?
What kinds of units does R think about these questions in (\$/mo/quarter)**

When you said that you didn’t calculate a premium equivalent, what did that mean to you?

This series of questions asked about the “COBRA amount” - how is that different from a premium equivalent?

(IF NOT ALREADY ANSWERED) In your own words, what does the phrase “premium equivalent” mean”?

Do you know about the premiums and deductibles for the health plan(s) you offer off the top of your head, or do you have to look the information up somewhere? (Tell me a little about that.)

(IF HAVE TO LOOK UP) On a scale of 0 to 10, where 0 is extremely easy and 10 is extremely difficult, how would you rate what it takes to access those kinds of numbers? (How did you decide on your answer)

(IF HAVE FAMILY COVERAGE): The family coverage questions asked about a “family of four”? Did that make sense to you? (Is “family of four” the way you think about it? - Tell me about how you think about it.)

Is it any different accessing the information about premiums and deductibles for someone with single coverage and someone with family coverage (IF YES: Tell me about the differences)

Is it easier to answer questions about single coverage or family coverage? (WHY?)

Section E: DEDUCTIBLES & COPAYS

INTERVIEWER CHECK: TYPE OF PLAN

PPO/POS (SKIP TO E16 ON PAGE 28)

INDEMNITY/HMO

E1. Does this plan have a deductible?

YES

NO (SKIP TO E8)

IF NEEDED: A deductible is a predetermined amount, which must be met by an enrollee before the plan w

pay for covered services. Many HMOs do not have a deductible.

GOAL E1: Does R understand “deductible”?

In your own words, how would you define “deductible”?

E2. What is the annual deductible for an enrollee with single coverage?

\$_____ ANNUAL DEDUCTIBLE

E4. Does this plan have a family deductible?

YES

NO (SKIP TO COGNITIVE)

E6. What is the annual family deductible for a family of four?

\$_____ ANNUAL FAMILY DEDUCTIBLE

GOAL E2/E6: Does R understand difference in single vs. family deductible?
--

Tell me about the deductibles for this plan. (SINGLE VS. FAMILY - ANYTHING DIFFERENT - EASY TO ACCESS INFO, ETC.)

E8. Do enrollees in this plan pay a share of the cost of a physician office visit?

YES

NO (SKIP TO E11)

E9. For physician office visits, do enrollees in this plan pay a co-payment - that is, a set dollar amount, do they pay a co-insurance rate - that is, a percentage of the charges?

CO-PAY -----> What is the co-payment for a primary care physician seen during normal office hours?

\$_____

CO-INSURANCE ----> What is the co-insurance rate for a primary care physician seen during normal office hours?

_____ %

**GOAL E9: Does R understand the difference between “co-pay” and “co-insurance”?
Are there different payments for PCPs and Specialists?
Are definitions needed?**

In your own words, please describe the difference between “co-payment” and “co-insurance”?

Did having the definitions in the question help make it easier to answer? (Tell me about it.)

With this plan, are there different (co-payments/co-insurance rates) for seeing primary care physicians and specialists? (IF YES: Tell me about it).

E11. Do enrollees in this plan pay a share of an in-patient hospital stay?

YES

NO (SKIP TO COGNITIVE)

E12. Do they pay a set amount per stay, a set amount per day, or a percentage of total charges?

PER STAY ----->

What is the amount per hospital stay?

\$ -----

PER DAY ----->

What is the amount per day?

\$ -----

What is the maximum number of days?

_____ MAX DAYS

PERCENT OF CHARGES ---->

What is the percentage of charges, or co-insurance rate?

_____ %

GOAL E12: Are categories mutually exclusive? (How does R handle it)?

Tell me a little about what this plan pays for hospital stays. (AMOUNTS, %, COMBINATIONS, etc.)

E15. Does this plan limit the amount it will cover for in-patient hospital stays during a plan year?

YES

NO (SKIP TO COG)

E15a. What is the maximum amount the plan will cover for in-patient hospital stays during a plan y

_____ DAYS OR \$ _____

GOALS E15: How does R understand “limit the amount”?

Does PLAN have lifetime limits?

Is R answering about only plan year limits (not life limits)?

When I asked about “limiting the amount it will cover”, what were you thinking about?

Some health plans have lifetime limits. Does this plan have a lifetime limit?

ALL SKIP TO F1 ON PAGE 34

E16. Does this plan have a deductible?

YES

NO

IF NEEDED: A deductible is a predetermined amount, which must be met by an enrollee before the plan will pay for covered services. Many HMOs do not have a deductible.

GOAL E16: Does R understand “deductible”?

In your own words, how would you define “deductible”?

INTCHECK: ANSWER TO E16 YES

NO (SKIP TO E21)

E17. What is the annual deductible an enrollee with single coverage pays for in-network services?

\$_____ ANNUAL DEDUCTIBLE IN-NETWORK

E18. What is the annual deductible an enrollee with single coverage pays for out-of-network services?

\$_____ ANNUAL DEDUCTIBLE OUT-OF-NETWORK

**GOALS E17/E18: Does R clearly understand in- and out-of network services?
How does R define in- and out-of network services?
Any difference in being able to answer about in- & out-of network?**

In your own words, how do you define in- and out-of network services?

If I were to ask you questions about deductibles or copayments for in- and out- of network services, would one be easier for you to answer about? (IF YES, WHICH? WHY?)

E19. Does this plan have a family deductible?

YES

NO (SKIP TO E21)

E20. Is there one family deductible or are there different family deductibles for in-network and out-of-network services?

ONE ----->

What is the annual family deductible for a family of four?

\$ _____

DIFFERENT --->

What is the annual family deductible for a family of four for in-network services?

\$ _____

What is the annual family deductible for a family of four for out-of-network services?

\$ _____

GOAL E17-E20: Does R understand difference in single vs. family deductible?

Tell me about the family deductibles for this plan. (Does “family of four” make sense? Is it more difficult to answer than single coverage?)

E21. Do enrollees in this plan pay a share of the cost of a physician office visit?

YES

NO (SKIP TO E23)

E22. For in-network physician office visits, do enrollees in this plan pay a co-payment - that is a set dollar amount, or do they pay a co-insurance rate - that is a percentage of the charges?

CO-PAY -----> What is the co-payment for an in-network primary care physician seen during normal office hours?

\$ _____

CO-INSURANCE -----> What is the co-insurance rate for an in-network primary care physician seen during normal office hours?

\$ _____

GOAL E22: Does R understand the difference between “co-pay” and “co-insurance”?
Are there different amounts for PCPs and Specialists?
Are definitions needed?

GOAL OVERALL: Can R answer as easily for both in and out of network services
Does both in- and out-of network use same method (co- pay or co-insur)

In your own words, please describe the difference between “co-payment” and “co-insurance”?

Did having the definitions in the question help make it easier to answer? (Tell me about it.)

With this plan, are there different (co-payments/co-insurance rates) for seeing primary care physicians and specialists? (IF YES: Tell me about it).

This question asked only about in-network visits, would it be more difficult to answer these same kinds of questions about out-of-network visits? (Tell me about it.)

E23. Do enrollees in this plan pay a share of an in-network, in-patient hospital stay?

YES

NO (SKIP TO E26)

E24. Do they pay a set amount per stay, a set amount per day, or a percentage of total charges?

PER STAY ----->

What is the amount for an in-network hospital stay?

\$ -----

PER DAY ----->

What is the amount per day for an in-network hospital stay?

\$ -----

What is the maximum number of days?

_____ MAX DAYS

PERCENT OF CHARGES ---->

What is the percentage of charges, or co-insurance rate?

_____ %

E25. Do enrollees in this plan pay a different amount for in-patient stays in out-of-network, or non-participating hospitals?

YES

NO

GOAL E23: Does R understand “in-network, in-patient hospital stay”?

GOAL E24: Are categories mutually exclusive? (How does R handle it)?

**GOAL E25: What does R think the question is asking?
(IF YES) How are amounts different between in- and out-of-plan?**

(E25) In your own words, what do you think this last question was asking?

Tell me a little about what this plan pays for hospital stays. (AMOUNTS, %, COMBINATIONS, DIFFERENCES BETWEEN IN & OUT OF NETWORK, etc.)

(IF E25=YES & NOT ALREADY ANSWERED) How are the amounts different for in and out of network hospitals?

E26. Does this plan limit the amount it will cover for in-patient hospital stays during a plan year?

YES

NO (SKIP TO COGNITIVE)

E26a. What is the maximum amount the plan will cover for in-network, in-patient hospital stays during a plan year?

_____ DAYS OR \$ _____

GOALS E26: How does R understand “limit the amount” (money/days?)

Does PLAN have lifetime limits?

Is R only considering plan year limits (not life limits)?

When I asked about “limiting the amount it will cover”, what were you thinking about?

Some health plans have lifetime limits. Does this plan have a lifetime limit?

SECTION F: DRUG & OTHER BENEFITS

F1. Does this plan provide prescription drug benefits?

YES

NO

GOAL F1: How does R define “prescription drug benefit”

In your own words, how do you define “prescription drug benefits”?

INTCHECK: ANSWER TO F1 YES

NO (SKIP TO F6)

F2. Do enrollees in this plan pay a fixed amount or percentage of each prescription drug charge?

FIXED AMOUNT

PERCENTAGE (SKIP TO F4 on page 37)

PAY NOTHING (SKIP TO F5 on page 39)

DID R ANSWER **QUESTION F2** "CLEANLY" (NO QUESTIONS, CLARIFICATIONS, ETC) ?

YES

NO -----> EXPLAIN:-----

F3. Does this plan use a four tier, three tier, two tier, or single tier cost sharing plan?

4 TIER (SKIP TO F3d)

3 TIER (SKIP TO F3c)

2 TIER (SKIP TO F3b)

1 TIER

(IF NEEDED: Some health plans charge more for life style, preferred brand, or brand name drugs than the do for generic drugs.)

F3a. How much is the copayment per prescription?

\$ _____ (SKIP TO COG)

F3b. How much is the copayment per prescription for the....

a. high cost prescription \$ _____

b. low cost prescription \$ _____ (SKIP TO COG)

F3c. How much is the copayment per prescription for the....

a. highest cost prescription \$ _____

b. mid- cost prescription \$ _____

c. lowest cost prescription \$ _____ (SKIP TO COG)

F3d. How much is the copayment per prescription for the....

a. highest cost prescription \$ _____

b. 2nd highest cost prescription\$ _____

c. 3rd highest cost prescription\$ _____

d. lowest cost prescription \$ _____ (SKIP TO COG)

GOAL F3: Does R understand what this question is asking?
Does R understand “tiered cost-sharing plan”?
Does R have this information available/how easy to answer?
Does R think of tiers numerically or as brand name vs. generic?

In your own words, tell me a little about the cost sharing plan for prescriptions that the health plan offers?

(IF NEEDED) Is “cost sharing plan” the phrase to use in this situation? (Tell me more)

(IF NOT ALREADY ANSWERED) Do you refer to these levels as numbered tiers, like we asked about, or do you use some other terms to describe them. (Some people use the terms: life style drugs, preferred brand, brand name, or generic drugs.)

How did you come up with these answers?

F4. Does this plan use a four tier, three tier, two tier, or single tier cost sharing plan?

4 TIER (SKIP TO F4d)

3 TIER (SKIP TO F4c)

2 TIER (SKIP TO F4b)

1 TIER

IF NEEDED: Some health plans charge more for life style, preferred brand, or brand name drugs than they do for generic drugs.

F4a. What percentage of prescription drug charges are paid by enrollees in this plan?

_____ % (SKIP TO COG)

F4b. What percentage of prescription drug charges are paid by enrollees in this plan for the...

a. high cost prescription _____ %

b. low cost prescription _____ % (SKIP TO COG)

F4c. What percentage of prescription drug charges are paid by enrollees in this plan for the...

a. highest cost prescription _____ %

b. mid- cost prescription _____ %

c. lowest cost prescription _____ % (SKIP TO COG)

F4d. What percentage of prescription drug charges are paid by enrollees in this plan for the...

- a. highest cost prescription _____%
- b. 2nd highest cost prescription_____%
- c. 3rd highest cost prescription_____%
- d. lowest cost prescription _____% (SKIP TO COG)

GOAL F3: Does R understand what this question is asking?
Does R understand “tiered cost-sharing plan”?
Does R have this information available/how easy to answer?
Does R think of tiers numerically or as brand name vs. generic?

In your own words, tell me a little about the cost sharing plan for prescriptions that the health plan offers?

(IF NEEDED) Is “cost sharing plan” the phrase to use in this situation? (Tell me more)

(IF NOT ALREADY ANSWERED) Do you refer to these levels as numbered tiers, like we asked about, or do you use some other terms to describe them. (Some people use the terms: life style drugs, preferred brand, brand name, or generic drugs.)

How did you come up with these answers?

F5. Does this plan limit the annual amount it will cover for prescriptions?

YES -----> What is the maximum amount per year this plan will cover for prescriptions?

\$ -----

NO

GOAL F5: What does R think this question is asking?

In your own words, what is this question asking?

F6. Under this plan, what is the maximum annual out-of-pocket expense for an enrollee?

\$ _____

NO MAXIMUM

EXTRA DEFINITIONS: (1) Out-of-pocket expenses are those paid directly by the enrollee.
(2) This is often referred to as a catastrophic limit.

F7. Is there a family maximum under this plan?

YES -----> What is the maximum annual out-of-pocket expense for a family of four?

\$ _____

NO

GOALS F6/F7:	How does R define “out-of-pocket expenses”
	Does R understand the phrase “catastrophic limit”
	Does R distinguish between single and family maximums?

In your own words, how would you define “out of pocket expenses”?

Have you ever heard of the phrase “catastrophic limit”? (IF YES: In what context? What does it mean?)

Does the plan have any sort of limits on what enrollees have to pay?

**GOAL OVERALL: Would R do interview over phone?
How hard to access records/get numbers?**

Now I'd like you to think about the kinds of information this survey asked for. Overall, on a scale of 0 to 10, where 0 is extremely easy and 10 is extremely difficult, how would you rate how easy or difficult it was to provide the information we asked for? (How did you decide on that answer?)

_____ (0-10)

We're planning on doing the final study on a large scale. Employers from across the country would be called to participate. There would be no monetary incentive. If you were to receive such a call, how willing would you be to participate in a survey like this. (MAY NEED TO REMIND NOT COGNITIVE PART)

If you received a letter in advance about the survey, would that influence how likely you would be to answer? (HOW)

(IF MORE THAN 1 PLAN) Would you be willing to answer the questions we went through for every plan you offer?

Anything you'd like the people who are writing the survey to know that we haven't gone over already?

HSC - Cognitive Interview Recruitment Script:

S1 Hello, this is NAME, with the Community Tracking Study, a non-partisan project designed to see how changes in the health care system are affecting employers, physicians, and the public. I have just a couple of questions I'd like to ask you about your company.

ADDITIONAL TEXT IF NEEDED. The project is being conducted by The Center for Studying Health System Change (HSC), a nonpartisan policy research organization located in Washington, D.C. HSC conducts studies on changes in the U.S. health care system to inform policy makers in government and private industry. Background on HSC is available at its web site, www.hschange.org. The Robert Wood Johnson Foundation, which is the largest foundation in the country devoted solely to improving health and health care, funds HSC.

FOLLOW UP RESPONSES

LENGTH: This call will only take about 5 minutes.

CONFIDENTIALITY: All of your answers are confidential.

A1. What is the total number of employees at this location?

PROBE: Include both full and part time employees.

_____ NUMBER OF EMPLOYEES

A2. What is the name of the person in your company who is most knowledgeable with regard to employee benefits?

_____ NAME OF MOST KNOWLEDGEABLE PERSON

A3. What is FILL IN NAME's direct phone number?

_____ PHONE NUMBER

NO DIRECT PHONE NUMBER, CONTINUE

REFUSES TO PROVIDE PHONE NUMBER, CONTINUE

A4. May I speak with FILL IN NAME?

YES, CONTINUE TO B1

NO, NOT AVAILABLE, CALL BACK

NO, REFUSAL GO TO C3

B1. Hello, this is NAME, with the Community Tracking Study, a non-partisan project designed to see how changes in the health care system are affecting employers, physicians, and the public. I have just a couple of questions I'd like to ask you about your company.

ADDITIONAL TEXT IF NEEDED. The project is being conducted by The Center for Studying Health System Change (HSC), a nonpartisan policy research organization located in Washington, D.C. HSC conducts studies on changes in the U.S. health care system to inform policy makers in government and private industry. Background on HSC is available at its web site, www.hschange.org. The Robert Wood Johnson Foundation, which is the largest foundation in the country devoted solely to improving health and health care, funds HSC.

B2. At this location, does your company offer or contribute to a health insurance program as a benefit to your employees?

YES

NO, GO TO C2

B3. Is the health insurance you offer a comprehensive insurance program?

PROBE: Comprehensive health insurance benefits offer multiple services not just a single service or dental.

YES

NO, GO TO C2

B4. Are you the person in your company who is most knowledgeable about health insurance benefits?

YES, GO TO B8

NO

B5. What is the name of the person in your company who is most knowledgeable about health insurance benefits?

_____ NAME OF MOST KNOWLEDGEABLE PERSON

REFUSES TO PROVIDE NAME, GO TO C3

B6. What is FILL IN NAME's direct phone number?

The Robert Wood Johnson Foundation, which is the largest foundation in the country devoted solely to improving health and health care, funds HSC.

B8. In the next couple of weeks we would like to call you back to conduct an interview to help us design a national survey of employers. The purpose of the interview, which will take about an hour, is to ensure that questions we ask employers about health insurance plans are clearly and precisely written. We'll send you \$100 for participating in the study, as a token of our appreciation. Can we count on your participation in our study?

YES, CONTINUE TO C1

NO, CONTINUE TO C3

C1. Thank you for agreeing to participate in our study. Someone will call you in the next couple of weeks to complete the interview.

C2. Thank you for your time. We are looking for employers that offer comprehensive health insurance benefits to their employees.

C3. Thank you for your time. Have a nice day.

Cognitive Interviews for the Employer Insurance Survey

NEW INFORMATION FOR LABEL

Place label here

1. INTRODUCE SELF TO CONTACT PERSON.

2. VERIFY IF ADDRESS ON LABEL IS CORRECT.

3. LOCATE RESPONDENT.

4. IF RESPONDENT HOME, INTRODUCE YOURSELF:

Hello, (NAME ON LABEL). My name is _____. I'm with the Center for Survey Research at the University of Massachusetts. You had previously agreed to help us test survey questions regarding health plans employers offer to employees. The project is being conducted for the Center for Studying Health System Change in Washington, D.C.. Is this a good time for us to talk?

5. INTRODUCTION TO THE COGNITIVE INTERVIEWING PROCESS

The purpose of this portion of the project is to develop a survey instrument to learn more about the health plans employers offer to their employees. You are being asked to help us evaluate possible questions.

< Explain what cognitive interviewing is

6. SCREENING QUESTION:

We are going to talk about: (fill with "site we are asking about" information from label- citing name and address of business).

At this location, do you offer or contribute to a health insurance program as a benefit to any of your employees?

[] YES

[] NO (INELIGIBLE - Thank respondent for his/her time. Explain that we need to interview employers who offer insurance to their employees)

7. PAYMENT:

You will be paid \$100 for your help.

Is the address we have the correct mailing address to send the payment (verify address)? If alternate is given: _____

8. AUDIO TAPING:

This interview will be audio taped, so that others on the research project can benefit from what you say. No one outside the research team will listen to the tapes. Neither your name or the name of your organization will ever be used as part of the research findings or writings. The tapes will be destroyed when their usefulness to the project is done.

Do we have your permission to audio tape this interview?

- YES
- NO

9. DETERMINE TIME AND LOCATION OF PRIVATE SETTING FOR THE INTERVIEW.

Dear INSERT:

I am writing to ask you to participate in an important survey about the costs of health insurance benefits offered to employees. The survey is being conducted by the Gallup Organization for The Center for Studying Health System Change (HSC), a nonpartisan health research organization that receives its funding from [The Robert Wood Johnson Foundation](#). I have enclosed a copy of our Annual Report; for more information, please visit our web site at <http://www.hschange.com/>.

We selected your organization for our employer survey because one or more of your employees participated in our household survey. *Thus, you are one of a limited group of employers who can be contacted to participate in this research.* To understand the impact of rising health insurance costs on workers and their families, we need accurate information on health insurance plans. Unfortunately, most workers are unable to accurately provide this information, which is why we are asking their employers to participate in this survey.

If you do not offer health insurance to your employees, we have only a few brief questions. If you offer health insurance, the interview will average 15 to 20 minutes for most employers. A Gallup interviewer will be calling you shortly and will provide more details about the survey.

We want to assure you that the information you provide will be kept confidential. Survey results will not include any information that identifies you or your company. Similarly, we will not identify the names of employees who participated in the household survey.

The Washington Business Group on Health, the U.S. Chamber of Commerce, and the Employee Benefit Research Institute support HSC's efforts and encourage your participation. As Helen Darling, President of the Washington Business Group on Health, said:

"HSC is the only organization that provides timely, useful information about major health market trends as of key markets. Such detailed information helps employers validate what they often see and understand the context of what's happening."

We know your time is valuable, but I hope you will participate in this important study. In appreciation, we will send you a report on our findings.

Sincerely yours,

Paul B. Ginsburg, Ph.D

Hello, this is _____ calling from The Gallup Organization. We are doing a survey about [**(If code 01 in S1m, read:)** the health care benefits companies offer their employees/**(If code 02 in S1m, read:)** health care benefits] on behalf of the Robert Wood Johnson Foundation. [**(INTERVIEWER NOTE: Read if helpful:)** The non-partisan Robert Wood Johnson Foundation is the largest foundation in the country devoted solely to improving health and health care.] You may have received a letter from the Center for Studying Health System Change about this survey in the mail within the past couple of weeks. I would like to speak to the person in your organization, such as a health benefits manager, who is most familiar with the health care plans your [**(If code 01 in S1m, read:)** company/**(If code 02 in S1m, read:)** agency] offers. Would that be you?

(INTERVIEWER NOTE: Feel free to mention the incentives, if in fact the respondent is eligible for an incentive)

- 1 Yes, respondent available - **(Skip to S3)**
- 2 No - **(Continue)**
- 4 Does not offer health benefits -
(Skip to #1, Autocode as 2 and Skip to #6)
- 5 Already completed survey/duplicate number -
(Thank and Terminate)
- 7 Yes, respondent not available -
(Set time to call back)
- 8 **(Soft Refusal)**
- 9 **(Hard Refusal) - (Thank and Terminate)** _____(1001)

S2. (If code 2 in Introduction, ask:) Who would be more qualified to respond to this survey? (Open ended)

(INTERVIEWER NOTE: Reset to Introduction AND Enter call back information)

S3. (Once respondent is on the line, read:) We are conducting a survey about the costs of health insurance offered to employees. We've contacted you because one of your employees answered a confidential survey about their health plan, and we'd like to know more about the health plan options available to them. I'd like to stress that this is not a sales call and that we will send you a complimentary copy of our report on the survey results. All of your responses will be kept strictly confidential and your participation is greatly valued.

(INTERVIEWER NOTE: Feel free to mention the incentives, if in fact the respondent is eligible for an incentive)

(INTERVIEWER NOTE: If respondent claims their company is not in that area, read:) For the purposes of this survey, we'd like to refer to any employees you may have that are located at (response in S1p).

- 1 Yes, respondent available - (Continue)
- 2 Someone else better qualified to respond to survey - (Reset to S2)
- 4 Does not offer health benefits - (Continue, Autocode #1 as 2 and Skip to #6)
- 5 Already completed survey/
Duplicate number - (Thank and Terminate)
- 7 Yes, respondent not available - (Set time to call back)
- 8 (Soft Refusal)
- 9 (Hard Refusal) - (Thank and Terminate) _____(1002)

ELIGIBILITY AND FLEXIBLE BENEFITS

1. The questions I am going to ask refer to your location at **(response in S1p)**. At that location, do you offer or contribute to a health insurance program as a benefit to any of your employees?

- 1 Yes - **(Continue)**
- 2 No - **(Skip to #6)**
- 3 (DK) - **(Reset to S2)**
- 4 (Refused) - **(Thank, Terminate and Save Case ID)**
- 5 (Self-employed individual) - **(Thank, Terminate and Save Case ID)** _____(1003)

2. **(If code 1 in #1, ask:)** Do you offer a flexible spending account, where employees can pay for health insurance premiums or uncovered medical expenses with pre-tax dollars?

- 1 Yes
- 2 No
- 3 (DK)
- 4 (Refused) _____(1004)

3. Do you offer a cafeteria plan where employees can choose between health and non-health benefits based on a fixed dollar amount?

- 1 Yes
- 2 No
- 3 (DK)
- 4 (Refused) _____(1005)

(If code 2, 3 or 4 to BOTH #2 AND #3, Skip to #5a; Otherwise, Continue)

4. Under [(If code 1 in #2 AND code 2, 3 or 4 in #3, read:) your flexible spending account/(If code 2, 3 or 4 in #2 AND code 1 in #3, read:) the cafeteria plan/(If code 1 in #2 AND #3, read:) these plans], may employees use pre-tax dollars to (read A-C)?

- 1 Yes
- 2 No
- 3 (DK)
- 4 (Refused)

A. Pay for health insurance premiums _____(1006)

B. Pay for deductibles and co-payments _____(1007)

C. Pay for other unreimbursed medical expenses _____(1008)

5a. If an employee decides not to take health insurance, can he or she substitute other benefits or get the cash value of the company contribution?

- 1 Yes
- 2 No
- 3 (DK)
- 4 (Refused)

_____ (1009)

5b. If an employee decides to accept a lower cost plan you offer, can he or she substitute other benefits?

- 1 Yes
- 2 No
- 3 (DK)
- 4 (Refused)

_____ (1010)

6. Please think about local businesses that hire the same kind of employees as you do. Do all, most, some, or none offer health insurance to their employees?

- 4 All
- 3 Most
- 2 Some
- 1 None

- 5 (DK)
- 6 (Refused)

_____ (1011)

(If code 1 in #1, Continue;
Otherwise, Skip to "Note" before #91)

PLAN INVENTORY

7. Next, I have some questions about health insurance plans you offer to active employees. By health insurance plans, I mean plans that cover physician and hospital care and might cover other services. Please do not include single service plans that cover only one or two special services like dental or vision or plans that are limited to retirees. At this location, [(If necessary, read:) that is, (response in S1p)], how many different health insurance plans do you offer to active employees? (Open ended and code actual number)

00 None - (Skip to "Note" before #91)

01-

97 97+ (Continue)

98 (DK) (Thank, Terminate and Save Case ID)

99 (Refused) (Thank, Terminate and Save Case ID)

(1012) (1013)

(SURVENT NOTE: Ask #8-#10 for each response before asking for the next response)

8. Who is the insurance carrier of the (1st - 8th response, as appropriate) plan? (Open ended and code) (INTERVIEWER NOTE: If respondent says INSURANCE CARRIER OR THIRD PARTY ADMINISTRATOR (TPA), specify name) (INTERVIEWER NOTE: If respondent says SELF INSURED, ask:) Who is the third party administrator or other organization that administers this plan? (Allow eight responses)

000001 Other (list)
000002 (DK) - (Reset to S2)
000003 (Refused) - (Thank, Terminate and Save Case ID)
000004 None - (Skip to "Note" before #91)

10. (Code without asking if plan type is mentioned in #8 or #9; Otherwise, for each response in #8 or #9 that refers to just the carrier/plan name, ask:) Is this a health maintenance organization (HMO), a point-of-service plan (POS), a preferred provider organization (PPO), or a traditional indemnity health plan?

(INTERVIEWER NOTE: If asked, use the following definitions)

Health maintenance organizations (HMOS and EPOs). These are plans in which enrollees may obtain care only from a specified list of providers. Enrollees must get a referral from a primary care physician, or gatekeeper, before using specialists. No benefits are available outside of the network. Exclusive provider organizations, or EPOs are also included.

Point of service (POS) plans. These plans have a physician and hospital network, but enrollees have the option of seeking care outside the network at reduced coverage levels. Enrollees must get a referral from a primary care physician, or gatekeeper, before using specialists.

10. (Continued:)

Preferred provider organizations (PPO). These plans have a physician and hospital network. Enrollees may see any provider in the network, including specialists, without a referral from a primary care physician. Enrollees pay less when they use providers in the network but are covered for care received outside the network.

Traditional indemnity plans. This is a plan with no list of physicians or hospitals and no restrictions on patient choice of physicians or hospitals.

- 1 Health maintenance organizations (HMOs and EPOs)
- 2 Point of service (POS)
- 3 Preferred provider organization (PPO)
- 4 Traditional indemnity

COST SHARING

49. Does this plan have a deductible [(If code 2 in #30, read:) for in-network services]? (Display A-I, as appropriate) (INTERVIEWER NOTE: DEFINITION, IF NEEDED:)
A deductible is a predetermined amount, which must be met by an enrollee before the plan will pay for covered services. Many HMOs do not have a deductible.

(INTERVIEWER NOTE: Some plans may have different deductibles depending upon the plan tier or option chosen by the beneficiary. In those cases tell the respondent to answer for the typical or highest enrollment option or tier.)

- e. Orthodontic care _____(4180)
- f. Vision care _____(4181)

89. The next question is about enrollees out-of-pocket expenses. An out-of-pocket expense is all the money that an enrollee pays for care and treatment, including deductibles and co-payments, but excluding premiums. Under this plan, what is the maximum annual out-of-pocket expense for an active employee with individual coverage? (Open ended and code actual dollar amount without cents) (Display A-I, as appropriate) (INTERVIEWER NOTE: If necessary, read:) This is often referred to as a catastrophic limit.

- 0000000 No individual maximum
- 9999997 \$9,999,997+

THE CENTER FOR STUDYING HEALTH SYSTEM CHANGE EMPLOYER FOLLOW BACK PILOT STUDY PROTOCOL FOR MULTI-SITE EMPLOYERS

I. INFORMATION NEEDS FOR PRIVATE MULTI-SITE FIRMS

We are developing a survey of employers to obtain information needed to understand how rising health care costs are affecting employers' health insurance benefit offerings and workers' decisions in taking up employer-sponsored health insurance. Since workers participating in our household survey generally are not able to provide information on plan costs and benefits, we are contacting their employers. Although our household and employer surveys will not begin until 2003, we are talking with selected public and private employers to assess our questionnaire and determine the most efficient way to obtain data from large firms that offer plans in many locations. I would like to ask a few questions about the firm and then test the questionnaire by asking about premiums, premium contributions, cost sharing, and selected benefits in plans offered employees in your [insert actual address in protocol you email]. This address was obtained from an employee who was included in a pilot survey we conducted a few months ago.

A. Firm

1. Which of the following industries best describe this firm:

- Service
- Retail trade
- Wholesale trade
- Financial
- Insurance and real estate
- Manufacturing
- Mineral
- Transportation
- Communications
- Something else

2. Including all permanent, temporary, and seasonal employees, how many full and part time employees does this firm currently have on the payroll in all continental U. S. locations?

2a. Approximately how many locations does this firm have in the continental U. S.?

3. Does the firm offer a flexible spending account, where employees can pay for health insurance premiums or uncovered medical expenses with pre-tax dollars? IF YES, Does the firm offer flexible spending accounts in all locations or just some? IF SOME, Which ones?

4. Does the firm offer a cafeteria plan where employees can choose between health and non-health benefits based on a fixed dollar amount? IF YES, Does the firm offer cafeteria plans in all locations or just some? IF SOME, Which ones?

5. IF YOU HAVE A FLEXIBLE BENEFIT OR CAFETERIA PLAN: Under this or these plans, may employees use pre-tax dollars to
 - a. pay for health insurance premiums
 - b. pay for deductibles and copayments
 - c. pay for unreimbursed medical expenses?
6. If an employee decides not to take health insurance, can he or she substitute other benefits or get the cash value of the company contribution?
7. If any employee decides to accept a lower cost plan you offer, can he or she substitute other benefits?
8. Does your plan year begin on the same month for all or nearly all of your plans? IF YES: In what month does your plan year begin?
9. Does the firm offer any HMO plans to active employees? Exclusive provider organizations, or EPOs are included, but point of service plans are excluded.
 - a. Thinking of all your locations, how many different HMO plans do you offer active employees?
 - b. Are any of these HMO plans offered nationally to all or most active employees? IF SO, how many plans are offered nationally? Please clarify-how many plans or how many employees?
 - c. Approximately what percentage of your active employees who have signed up for HMOs are in plans offered nationally? [IF ALL HMO PLANS ARE OFFERED NATIONALLY, THEN C MUST BE 100%]
 - d. What are the names of HMO plans offered nationally?
 - e. IF NATIONAL PLANS: For national HMO plans you offer, are any of the following plan features likely to vary by location: premiums, the dollar amount or percentage share of premiums paid by employees, co-payments, and deductibles?
10. Does the firm offer any PPO plans to active employees? [READ IF NECESSARY: These plans have a physician and hospital network. Enrollees may see any provider in the network, including specialists, without a referral from a primary care physician. Enrollees pay less when they use providers in the network but are covered for care received outside the network.]
 - a. Thinking of all your locations, how many different PPO plans do you offer active employees?
 - b. Are any of these PPO plans offered nationally to all or most active employees? IF SO, how many plans are offered nationally?
 - c. [IF A GT B] Approximately what percentage of your active employees who have signed up for PPOs are in plans offered nationally?

d. What are the names of PPO plans offered nationally?

e. IF NATIONAL PLANS: For national PPO plans you offer, are any of the following plan features likely to vary by location: premiums, the dollar amount or percentage share of premiums paid by employees, co-payments, and deductibles? PROBE ON HOW THEY VARY.

11. Does the firm offer any point-of-service, or POS plans to active employees? **[READ IF NECESSARY:** These plans, which are sometimes called an HMO/PPO hybrid or open ended HMO, have a physician and hospital network, but enrollees have the option of seeking care outside the network at reduced coverage levels. Enrollees must get a referral from a primary care physician, or gatekeeper, before using specialists.

a. Thinking of all your locations, how many different POS plans do you offer active employees?

b. Are any of these POS plans offered nationally to all or most active employees? IF SO, how many plans are offered nationally?

c. [IF A GT B] Approximately what percentage of your active employees who have signed up for POS plans are in plans offered nationally?

d. What are the names of POS plans offered nationally?

e. IF NATIONAL PLANS: For national POS plans you offer, are any of the following plan features likely to vary by location: premiums, the dollar amount or percentage share of premiums paid by employees, copayments, and deductibles? PROBE ON HOW THEY VARY.

12. Does the firm offer any indemnity plans to active employees? [IF NEEDED: This is a plan with no list of physicians or hospitals and no restrictions on patient choice of physicians or hospitals.]

a. Thinking of all your locations, how many different indemnity plans do you offer active employees?

b. Are any of these indemnity plans offered nationally to all or most active employees? IF SO, how many plans are offered nationally?

c. [IF A GT B] Approximately what percentage of your active employees who have signed up for indemnity plans are in plans offered nationally?

d. What are the names of indemnity plans offered nationally?

e. IF NATIONAL PLANS: For national indemnity plans you offer, are any of the following plan features likely to vary by location: premiums,

the dollar amount or percentage share of premiums paid by employees, copayments, and deductibles? PROBE ON HOW THEY VARY.

Next, I have a few questions about employee characteristics and health insurance plans offered at **INSERT LOCATION FOR THIS EMLPOYER**

B. Establishment

1. Including all permanent, temporary and seasonal employees, how many full and part-time employees do you have on the payroll at the location at [ADDRESS]?
2. What percentage of the employees at this location are
 - a. permanent full time
 - b. permanent part time
 - c. temporary or seasonal workers
3. Approximately what percentage of all permanent employees at this location are women?
4. Approximately what percentage of all permanent employees at this location are
 - a. less than 30 years of age
 - b. 50 years of age or older
5. What percentage of the permanent employees at this location earn
 - a. less than \$9.50 an hour (earn less than \$20,000 per year)
 - b. than between \$9.50 and \$21 per hour (between \$20,000 and \$44,000 per year)
 - d. more than \$21 per hour (more than \$44,000 per year)
6. Approximately what percentage of the total permanent employees at this location are union members?
7. Please think about local businesses that hire the same kind of employees as you do. Do all, most, some, or none offer health insurance to their employees?
8. What are the names of all the health insurance plans offered at ADDRESS?
9. IF PLAN YEAR VARIES IN A8: Does your plan year begin on the same month for all of these plans?
 - a. IFYES: In what month does your plan year begin?
 - b. IF NO: In what month does your plan year begin for EACH PLAN NAME
10. [Were any of these plans/Was this plan] added during the current plan year as [a] new offering? IF YES: Which ones?
11. Did you drop any plans that were offered during the last plan year? IF YES: what are the names of the plans you dropped?
12. Please tell me either the percentage or number of active employees who are enrolled in each of the plans you offer at this location.

C. Information needed about each plan offered at ADDRESS

1. Does this plan include a network of health care providers?
2. Are enrollees required to get a referral from a PCP before using specialists?
3. When enrollees go out of network, must they pay full cost of the visit?
4. Is this an indemnity, PPO, POS, or HMO plan?
5. Is this plan purchased from underwriter or is it self-insured?
 - a. If self insured: what is the premium equivalent or COBRA amount for individual coverage
family (2 adults/2kids) coverage
 - b. If purchased from an insurance underwriter, what is the premium for individual coverage
family (2 adults/2kids) coverage
 - c. What is the employee contribution for individual coverage (\$ or %)
family (2 adults/2kids) coverage (\$ or %)
 - d. IF NOT A NEW PLAN: Compared with your last plan year, did [the premium equivalent/COBRA/premium] for single coverage increase, decrease or stay the same? What was the [increase/decrease] for single coverage?
6. What is the deductible for
 - a. In-network coverage for an individual
 - b. In-network family coverage (2 adults/2 children)
 - c. Out-of-network coverage for an individual
 - d. Out of network family coverage (2 adults/2 children)
 - e. Is the out-of-network deductible applied toward the in-network deductible or must the in-and out-of-network deductibles be met separately?
7. After the deductible, what are the co-payments (or co-insurance rates) for a primary care physician office visit during normal office hours for
 - a. In-network coverage for an individual
 - a. In-network family coverage (2 adults/2 children)
 - b. Out-of-network coverage for an individual
 - c. Out of network family coverage (2 adults/2 children)
8. After the deductible, what are the co-payments (amount per stay, amount per day, or percentage of total charges) for a hospital stay for
 - a. In-network coverage for an individual
 - d. In-network family coverage (2 adults/2 kids)
 - e. Out-of-network coverage for an individual
 - c. Out of network family coverage (2 adults/2 kids)

9. Does the plan limit the amount it will cover for in-patient stays during a plan year?
If so, what is the maximum amount the plan will cover in
 - a. in network hospital stays during a plan year?
 - b. out-of-network hospital stays during a plan year?
10. Does the plan provide prescription drug benefits to enrollees who are active employees? [If separately administered, are the costs of the drug benefit included in the premium?]
11. IF THE PLAN PROVIDES PRESCRIPTION DRUG BENEFITS: Does plan coverage vary by type of drug (i. e., by tier)? IF YES, How many tiers or levels does the plan have for prescription drugs [purchased in an in-network pharmacy]?
 - a. For each tier, what is the co-payment (or co-insurance rate) for a 30 day supply of a prescription purchased in a network pharmacy.
 1. highest cost tier
 2. second highest cost tier
 3. third highest cost tier
 4. lowest cost tier
12. Does the plan limit the annual amount it will pay in prescription benefits? If so, what is the maximum amount?
13. Does the plan cover
 - a. outpatient mental health services
 - b. inpatient mental health services
 - c. alcohol and substance abuse treatment
 - d. routine dental care
 - e. orthodontic care
 - f. vision care
14. What is the maximum out-of-pocket expense [also known as the catastrophic limit] for an active employee
 - a. with individual coverage
 - b. family (2 adults/2 kids) coverage?

D. INFORMATION SOURCES. This survey was a test to evaluate our survey. We will be conducting the full survey during 2003 and would like to identify the easiest way to obtain information on plans you offer in locations where we will be interviewing.

1. Since it is possible that more than one of your locations will be in the survey, we were wondering whether we could obtain the type of information I have just asked about from data files, a web site, or plan booklets, rather than personal interviews? IF YES, ASK IF WE COULD SEE A SAMPLE TO HELP PLAN OUR SURVEY.
2. Would it be easier to obtain this information from headquarters or from local establishments?

3. Would it be convenient to send a member of our staff to your office and obtain the information we need there rather than conducting interviews?

CONFIDENTIAL. DO NOT QUOTE OR ATTRIBUTE WITHOUT PERMISSION FROM THE CENTER FOR STUDYING HEALTH SYSTEM CHANGE.

City, state zip code

Dear <name>:

The purpose of this letter is to confirm your decision to participate in an important pilot test of a survey about the costs of health insurance benefits offered to employees. The survey is being conducted by The Center for Studying Health System Change (HSC), a nonpartisan health research organization that receives its funding from The Robert Wood Johnson Foundation. For more information, including a copy of our annual report, please visit our Web site at <http://www.hschange.com/>.

We selected your organization for our pilot test because one or more of your employees participated in our household survey. To understand the impact of rising health insurance costs on workers and their families, we need accurate information on health insurance plans. Unfortunately, most workers are unable to accurately provide this information, which is why we are asking their employers to participate in this survey. Your input is particularly important to us to help adapt the design of our survey to large firms.

We want to assure you that the information you provide will be kept confidential. Survey results will not include any information that identifies you or your company. Similarly, we will not identify the names of employees who participated in the household survey.

The Washington Business Group on Health, the U.S. Chamber of Commerce, and the Employee Benefit Research Institute support HSC's efforts and encourage your participation. As Helen Darling, President of the Washington Business Group on Health, said:

"HSC is the only organization that provides timely, useful information about major health market trends as well as what's happening in a number of key markets. Such detailed information helps employers validate what they often see and understand the context of what's happening."

We know your time is valuable so we greatly appreciate that you have agreed to participate in this important study. As promised during our recent phone call we have enclosed a \$100 honorarium as a token of our appreciation.

Sincerely yours,

Paul B. Ginsburg, Ph.D

APPENDIX I

THE CENTER FOR STUDYING HEALTH SYSTEM CHANGE EMPLOYER FOLLOW BACK PILOT STUDY PROTOCOL FOR STATE GOVERNMENT

I. INFORMATION NEEDS FOR STATE GOVERNMENT

We are developing a survey of employers to obtain information needed to understand how rising health care costs are affecting employers' health insurance benefit offerings and workers' decisions in taking up employer-sponsored health insurance. Since workers participating in our household survey generally are not able to provide information on plan costs and benefits, we are contacting their employers. Although our household and employer surveys will not begin until 2003, we are talking with selected state governments to assess our questionnaire and determine the most efficient way to obtain data from states.

I will be asking you a few questions about the plans you offer state employees and potential data sources to obtain the data we need about these plans.

1. Does the state offer the same set of plans to all active employees?
IF NOT: Do plan offerings vary by agency, location within the state, or some other grouping? For example, are some plans offered to all employees, but are others, such as HMO plans, offered to employees in defined areas of the state?
2. In addition to state employees, are teachers or other local or county employees covered by state health insurance plans?
IF SO: Are they offered plans under the same pool as state employees or are they offered separate plans?
3. Do you have a listing of all plans offered through the state, including plans' geographic and employee coverage?
IF SO: Could I get that list of plans electronically or faxed/mailed to me?
4. If some plans are offered only in particular areas or to certain types of employees, please tell me how plan offerings are restricted.
5. Does your plan year begin on the same month for all plans?
IF YES: In what month does your plan year begin?
IF NOT: When does your plan year begin for most plans?
6. We will be conducting our survey during 2003 and would like to identify the easiest way to obtain information on premiums, premium contribution, cost sharing, and selected benefits for plans you offer. Could we obtain plan booklets or access to web sites or data files containing these data? OBTAIN INFO FOR PLANS NAMED IN PILOT.
7. Can we call you next year to get the plan booklets for any new plans offered in 2003?

CONFIDENTIAL. DO NOT QUOTE OR ATTRIBUTE WITHOUT PERMISSION FROM THE CENTER FOR STUDYING HEALTH SYSTEM CHANGE.

Dear <name>:

The purpose of this letter is to ask for your participation in a pilot survey about the costs of health insurance benefits offered to employees. The survey is being conducted by The Center for Studying Health System Change (HSC), a nonpartisan health research organization that receives its funding from The Robert Wood Johnson Foundation. For more information, including a copy of our annual report, please visit our Web site at <http://www.hschange.com/>.

We selected your state because INSERT STATE employees were included in our pilot survey. To understand the impact of rising health insurance costs on workers and their families, we need accurate information on health insurance plans. Unfortunately, most workers are unable to accurately provide this information, which is why we are asking their employers to provide the data we need. Your input is particularly important to us to help adapt the design of our survey to state employers.

As Ms. Miller may have explained most, if not all, of the information we need is included in plan booklets and summaries provided to employees. To minimize the burden on your organization, we would like to obtain booklets or electronic files and abstract the data we need ourselves. After reviewing the data, we may have a few questions about information we could not obtain.

We also want to assure you that the information you provide will be kept confidential. We will not identify the names of employees who participated in the household survey in any published reports.

The Washington Business Group on Health, the U.S. Chamber of Commerce, and the Employee Benefit Research Institute support HSC's efforts and encourage your participation. As Helen Darling, President of the Washington Business Group on Health, said:

"HSC is the only organization that provides timely, useful information about major health market trends as well as what's happening in a number of key markets. Such detailed information helps employers validate what they often see and understand the context of what's happening."

We know your time is valuable and greatly appreciate your help.

Sincerely yours,

Paul B. Ginsburg, Ph.D
